STRIKE IN FRANCE BECOMES SERIOUS

Affects Two Great Railroads and Threatens to Tie-Up the Provinces.

NOW INVOLVES ABOUT 80,000

Movement May Extend to Paris, L & M. Railroads.—Scarcity of Food May be Result.—Roads on Military Basis.

Paris, October 11.—The French government is again facing a serious strike situation. The employes of tae Northern railroad went on strike early today and tonight spread to the Western railroad, which is owned by the State. Indications are that tomorrow will see a complete tie up in Northern and Western France.

The strike at the present time involves about 80.000 men. The strike on the Western road was voted this evening by 8,000 men employed in Paris and the suburbs. They depend upon the National unions to tie up tne provinces. It is reported that the movement may possibly also extend to the eastern and the Paris, Lyons and Mediterranean railroads.

As is usual in such circumstances the city of Paris is threatened with a scarcity of food supplies. Freight, mail and passenger transportation is partially prostrated and the vast army of working people in the northwest are unable to reach their places of business. Military engineers are taking the places of the strikers and troops are guarding the various stations and important section of the road.

Large military forces were hastily distributed on the first evidence that a strike had been declared, and additional troops were ordered out tonight.

The ministry has placed the railroads on a military basis and may muster the railway employes into service as reservists. The strikers have voted to continue the strike until their demands are met, but they have requested a conference with the railroad officials.

The more conservative newspapers condemn the strike as indicating a revolutionary general federation of labor, trying to absorb the railroad unions, but the socialist press hails it as commendable battle to obtain needed redress.

Attempt to Break Strike.

Paris, October 11.—The government has decided upon an important step in an attempt to break the strike on the Northern railway. The official journal publishes a decree calling to the colors about 30,000 employes of the Northern road. This immediately subjects the men to military discipline.

TANGLE IN MASSACHUSETTS.

Foss Suggests That Democrats Assemble to Name a Candidate.

Boston, Mass., October 11.—A reconvening of the Democratic State Convention, not later than Saturday next, for the purpose of naming a candidate for Governor, who shall be finally accepted by the committee of four, as the choice of the Democrats of Massachusetts to head the ticket, was the suggestion made tonight in a communication to Chairman Frederick J. McLeod, of the Democratic State Committee, by Congressman Eugene N. Foss.

Mr. Foss led on both ballots for Governor in the State convention held last Thursday and the committee of four, which was empowered by the convention to name a candidate for governor has been for several days in deadlock for choice between Mr. Foss and Charles S. Hamlin, another candidate before the convention.

Mr. Foss, in commenting on his plan, says:

"Only by this means, it seems to me, can any candidate of the party now go before the people as the real representative of the Democratic party of this State. Having had abundant evidence that the Democrats of the State are eager for some solution of the present difficulty and for an earnest and successful campaign, I feel that such a reconvening of the delegates would constitute not only a convention, but an earnest and rousing ratification meeting and the beginning of a campaign which I fully believe in this manner could be led to a triumphant success."

Louisville, Ky., 223,928, an increase of 19,197, or 9,4 per cent., over 204,731 in 1900.

Lexington, Ky., 35,099; an increase of 8,730, or 33.1 per cent. over 26,369, in 1900.

TRUST CASES ARE POSTPONED

Lack of Full Bench Interferes With United States Supreme Court.—Readjustment of Docket. Number Dismissed.

Washington, Oct. 11.—Because of the failure to have a full bench in the Supreme Court of the United States a general readjustment of important cases set last Spring for consideration this Autumn, was made today by the court. It was the first business day of the eight months' term.

The Standard Oil and Tobacco corporation suits under the Sherman anti-trust law were postponed for re-hearing from November 14th to January 3rd. The corporation cases, involving the constitutionality of the corporation tax provisions of the Payne-Aldrich tariff law, which had been restored to the docket for re-hearing before a full bench at an indefinite date also was assigned for argument on January 3rd. So were the cases involving the question of the correct penalty to be imposed on the violators of the 28-hour law, regulating the shipment of live stock; and the interpretation of the National pure food law and drug act.

Although presiding Justice Harlan did not say so, it is expected that President Taft will have filled the two vacancies by that time and the new members, the successors to Chief Justice Fuller and Justice Moody, will have assumed their places on the bench.

The importance of the questions also led the court to postpone until January a number of cases set for argument today. The boycott and contempt appeals, arising out of the injunction proceedings in the District of Columbia brought against the American Federation of Labor by the Bucks Stove & Range Company, of St. Louis, Mo., were re-assigned for January 16. President Samuel Gompers, Frank Morrison and John Mitchell, officials of the Federation, are all under jail sentences for contempt, were in court.

The hearing in the suit between Virginia and West Virginia over the amount of the $33,000,000 State debt of Virginia which the latter contends West Virginia should assume by reason of the latter being admitted to the Union as a separate State, was re-assigned for January 16th.

The Kissel case, involving the question whether or not the American Sugar Refining Company and others conspired to prevent the Pennsylvania Sugar Refining Company from doing business was postponed until November 10th on account of illness of counsel. The cases involving the constitutionality of the employers' liability law were reassigned for argument on November 28th.

Attempts to postpone consideration of the cases involving the peonage prosecutions from Florida and the Missouri two-cent fare law were unsuccessful. Argument of the former was begun today. The latter will be heard probably this week.

Motions to advance a large number of cases were submitted to the court. Among these cases were those involving the constitutionality of the Carmack amendment to the Hepburn rate law, making the initial carrier responsible for goods throughout the route and the cases involving the constitutionality of the bank depositors guarantee laws of Oklahoma, Nebraska and Kansas.

For various reasons 19 cases were dismissed by the court. Among these were six cases involving the constitutionality of the drainage laws of Florida as amended in 1907.

EVANGELIZATION OF WORLD.

Commissioners of Foreign Missions in Session in Boston.

Boston, Mass., Oct. 11.—Past achievements, present progress and future plans for the evangelization of the heathen world, were discussed this afternoon and evening at the meetings held in connection with the centennial celebration of the founding of the American Board of Commissioners for Foreign Missions.

During the afternoon the achievements of the past and progress of the present were reviewed by the principal officers of the board, and announcement was made of gifts during the year totalling more than a million dollars. Tonight simultaneous meetings were held at Tremont Temple, where plans for the future missionary activity were set forth. The National Council of Congregational met this afternoon in the first usiness session of its triennial convention. Rev. Dr. Nehemiah Boynton, of Brooklyn, N. Y., was chosen moderator and Rev. Dr. Arthur H. Smith, for 40 years a missionary in North China, was selected as assistant moderator. Several reports were presented to the council by secretaries and committees and then an adjournment was taken until Friday afternoon in order that the work of the council might not conflict with the centiennial of the American board.

ROOSEVELT FLIES IN AN AEROPLANE

Ex-President Delighted With Aviation Tour at St. Louis Yesterday.

CROWDS LOOKED ON WITH FEAR

Was a Passenger of Aviator Hoxsey—Continually Warned During the Flight—"Enjoyed Every Minute" He Said.

St. Louis, Oct. 10.—Theodore Roosevelt today made an aeroplane flight as a passenger of Archibald Hoxsey and said it was the finest sensation he ever had experienced. They sailed two times around the aviation field at Kinloch Park in three minutes and 20 seconds. He waved his hand to the thousands of spectators and to the discomfiture of the aviator, who feared that the colonel might hit a controlling cord. When the machine alighted easily a few feet from the starting place, a mighty shout of applause went up.

Hoxsey, a Wright aviator, said that Mr. Roosevelt made a good passenger except that he enjoyed the trip so much that Hoxsey was afraid the colonel would fall out or interfere with the engine, which was roaring at his side.

The colonel waved his hands at the crowd so vigorously that Hoxsey called out to him: "Keep your hands on the rail, colonel."

Col. Roosevelt, who had forgotten to hold himself in, waved his hands once more and then obeyed orders.

The colonel's flight was a surprise to everybody. Although he had been invited to go, no one had the least idea that he would do so and he himself did not decide to fly until the moment before he stepped into the machine.

The trip to the aviation field to watch the aeroplane flights was on the afternoon's programme for the colonel's day in St. Louis. He went to Kinloch in an automobile, at the head of a procession of motor cars, half a mile long.

The cars were filled with members of the Republican State and city committees and business men.

The ride was a fast and dusty one much of the way. Col. Roosevelt's face was covered with a thick coating of Missouri soil. Col. Roosevelt's car was driven directly on the aviation field.

Hoxsey's biplane was standing directly in front of the grand stand. Col. Roosevelt stepped out of his automobile with Governor Hadley at his side and walked over to the biplane. He inspected the broad planes and the engine and shook hands with the aviator. "I'd like to have you for a passenger," said Hoxsey. The colonel looked at him without a word. Then he began to take off his coat. It was the first intimation that he would make a trip in the air.

Governor Hadley stepped up quickly and said: "Are you really going up colonel?"

"Of course I am," said the colonel. Without another word he took his seat at Hoxsey's direction, beside the engine.

Governor Hadley admitted afterwards that he was nervous. "This is my district and it extends up into the air; and I feel a sense of responsibility while the colonel is in my territory," he said.

Col. Roosevelt removed his slouch hat for the flight and borrowed a gray cap which he pulled down over his eyes. Hoxsey took his place beside Col. Roosevelt, who watched the preparations with a smile of anticipation. Four guardsmen seated themselves on the ground to aid the captain of the airship until the propellers were well under way. The six cylinder motor barked and spouted smoke. Then the motor was stopped for a moment. After two more tests the motor was allowed to run and the machine ran over the ground quietly. Col. Roosevelt gripped the rail hard and looked straight ahead. The machine skidded over the field for a few yards, then lifted its nose into the air, rising easily. The aeroplane sped quickly around the field at a height of less than 100 feet. It made the first lap of a mile and a half before news percolated through the crowd that Col. Roosevelt was Hoxsey's passenger. When the colonel swept past the grand stand he leaned forward a bit and waved his hand. The spectators seemed frightened and remained silent, watching the aeroplane intently.

The flying machine sped by and made the turn for the second lap. Hoxsey could be seen to bend over and shout something into the colonel's ear. The engine crackled regularly, hurling the aeroplane forward at a speed of nearly a mile a minute, but from the ground it looked as if it was traveling much slower because it sailed so evenly and smoothly. There was not a breath of wind and the engine did not miss fire once.

At the end of the second lap Hoxsey dipped his plane and the machine descended easily, striking the ground without a jar a few rods from the grand stand. Te machine glided over the grass a short distance, and stopped.

Col. Roosevelt smiling his most expansive smile, disembarked backwards. He became entangled with the wires, but was soon out of them.

When the people saw that he had landed safely they cheered the colonel

CRIPPEN TRIAL BEGINS SOON

American Dentist Will Face Life and Death Issue in London—Miss LeNeve Will Also be Tried.—Council is Retained.

London, October 11.—It is probable that the trial of Dr. Hawley H. Crippen and the LeNeve woman, for the murder of the former's wife, Cora Belle Crippen, known by the stage name of Belle Elmore, will be opened on Monday.

In presenting the case to the grand jury today the recorder reviewed the evidence presented at the preliminary proceedings. He said he considered it doubtful that Miss LeNeve knew at the time that a murder had been committeed, but he recommended that a true bill charging her with being an accessory after the fact, be brought against her, as he was confident that every consideration would be shown the young woman. A bill in keeping with this recommendation and one charging Crippen as the principal undoubtedly will be returned.

Crippen will be represented at his trial by three lawyers, the best known of whom are Alfred Aspinwall Tobin, Unionist member of Parliament for Preston, and Huntley Eugene Jenkins. Of the two who will look after the interests of Miss LeNeve, Frederick Edwin Smith is a leading conservative member of Parliament for Walton division of Liverpool.

Crippen's Wife Buried.

The body unearthed in the cellar of the Hilltop-Crescent home of Dr. Hawley H. Crippen and declared by a coroner's jury to be that of the doctor's wife, Belle Elmore, the actress, was buried today at Finchley by the Music Hall Ladies' Guild.

On the lid of the casket a plate was placed bearing the simple inscription "Cora Crippen died 1910, aged 34 years." Despite the care taken to keep secret the day set for the burial news of the ceremony leaked out and a curious crowd gathered. Street venders followed the cortage offering for sale memorial cards bearing the name of Cora Crippen.

COWARD MADE BOY VICTIM.

Bullets of Ex-Pugilist Killed Wrong Person—Kills Self in Despair.

New York, Oct. 11.—Charles Fischer, a boy of 12 years, was swung writhing and screaming from the side walk tonight by a man brute, who used the little fellow's body to check a bullet fired by Harry Greenwald, an ex-pugilist. The missile pierced the child's brain and he died within an hour. Greenwald terror-stricken and pursued by citizens and police, dashed into a hallway and committed suicide. The man who used the boy as a screen escaped. His name is not known to the police.

Greenwald was about 25 years old, and was known to his sporting friends as "Biz Clark." He was at one time a sparring partner of Harry "Biff" Stone, of Baltimore, but of late had been working as ticket taker at a moving picture theatre in Harlem.

Young Fischer was returning from an errand for his mother about dusk. As he turned from 103rd street into Madison avenue, he saw Greenwald and the unidentified man engaged in a heated argument. The frightened boy attempted to pass between them when the unknown man grasped him and held him by his face just as the former prize fighter whipped out a revolver and fired. The bullet entered the boy's head and the unknown coward dropped him and fled.

Seeing his mistake Greenwald still with the revolver in his hand, broke and ran. A policeman gave chase and a thousand men and women who had heard of or witnessed the tradegy, joined in the pursuit. The hunted man once turned as if to fire on his pursuers, then, hard pressed, he rushed into a tenement doorway, sprang past a group of startled children and attempted to force his way into a cellar. Failing in this he placed the revolver to his temple and blew out his brains.

The murdered child lived with his widowed mother, Mrs. Madeline Fischer and was one of five sons the eldest of whom is 19.

HEALING OF SICK OBJECT OF PRAYER

Sanction of Protestant Episcopal Church All But Given in Resolution.

SESSIONS IN CINCINNATI

Number of Changes in Dioceses—House of Bishops and House of Deputies Both Meeting.—Action on Divorce.

Cincinnati, O., Oct. 11.—A resolution giving the sanction of the Protestant Episcopal church to the healing of the sick by prayer was adopted in one section of the House of Deputies of the Protestant Episcopal convention today, but was defeated in another section of the house by the narrow margin of five votes. The voting was by dioceses.

That a majority of the House of Deputies was in favor of the report was shown clearly when the clerical branch adopted it by a vote of 41 years to 17 nays, with nine dioceses not voting, or divided. The laymen of the house, however, killed the report by a vote of 27 ayes, 32 nays, four dioceses not voting.

It required a majority in both orders of the house to carry the report. While the question will come up before the House of Bishops at some future date, it is regarded as improbable that the upper house of the convention will take any action on it.

Rev. Lucius Wathman, rector of St. Thomas church, Hanover, N. H., presented the report. In doing so he explained that he had no fear of the word "supernatural." He continued: "If Jesus did heal the sick in the first century in a supernatural manner, he can do so today; and to recognize that fact is not to put the church in the position of not recognizing modern science. While the limits of modern science have been reached, we have not reached the limits of the power of God."

Rev. M. S. Taylor, of Atlanta, endorsed Dr. Wathman's resolution. He said the Episcopal church had been taken in the dark, in the matter of divine healing.

"It is our own fault," he declared, "for this magnificent gift was given to us by our blessed Lord in the beginning. This power of restoring the sick by prayer was thrown away by our church, and a woman picked up that jewel. Now, I say, let us take back our own and use this magnificent gift in the name of the church."

The laity of the House of Deputies as a rule opposed the report. While the large vote polled for the resolution came as a surprise, the belief prevailed tonight that the subject would noty be revived at this convention.

At the opening of the session of the House of Deputies today, prayer was offered for the fire sufferers of the Northwest.

The House of Bishops split the missionary diocese of Oklahoma and an additional diocese, to be known as Eastern Oklahoma, was created.

The diocese of Dallas, Texas, was divided into missionary district, that will include part of western Texas.

New bishops will be appointed soon for the new dioceses. Both the House of Bishops and House of Deputies today decided on New York as the next convention city.

The House of Deputies adopted a new mission hymnal for use in rescue work.

The committee on marriage and divorce today reported that it would be undesirable to make any change in the laws of the church in this regard at present. The report will go before the convention on Thursday.

TAFT AUTO INJURED BOY.

Chauffeur Saved Child's Life by Quick Turn—Details.

Beverly, Mass., Oct. 11.—While running through Salem shortly after 6 o'clock last night, one of the White House automobiles, occupied by Mrs. Taft and two of her sisters, struck a little six-year-old boy and slightly injured him. Only the quickest sort of work on the part of Abel Long, one of the executive chauffeurs, saved the child's life. The little fellow dashed across the street directly in front of the car.

Long swung the big six cylindered machine partly to the side and succeeded in diverting it so that only a glancing blow was struck by one of the fenders. The car was going at moderate speed, winding in and out of the traffic of Salem, with the two big searchlights in front lighted.

The boy, Wilfred E. Crowell, a son of William Crowell, was thrown down. Long stopped his car and jumping out, picked up the injured lad. A hurried trip was made to the Salem hospital. Miss Person, a sister of Mrs. Taft, had the injured child. At the hospital it was bound that there were no broken bones and apart from some painful contusions the child was not seriously hurt.

Mrs. Taft visited the hospital again this morning and had the satisfaction of seeing the boy discharged and taken home.

Chicago, Oct. 11.—The entire 3,000 seats reserved for the world's championship baseball games at the west side ball park were allotted today. Requests for seats reaching triple that number could not be granted.

THE WILMINGTON BAPTISTS

Tenth Annual Session of Wilmington Association in Session at Willard—Opening Sermon and Other Notes.

(Special Star Correspondence.)

Willard, N. C., Oct. 11.—The Wilmington Baptist Association met in its tenth annual session at Willard at 11 o'clock this morning and was called to order by Rev. G. A. Martin, of Wilmington, who is moderator of the body.

The introductory sermon was by Rev. J. H. Foster, D. D., of Wilmington, after the reading of the scriptures by Rev. C. F. Whitlock and prayer by Rev. M. L. Kestler, of Thomasville, N. C. After the sermon the roll of churches was called and messengers enrolled from the various congregations. The Association was then reorganized by the election of the following officers: G. E. Leftwich, of Wilmington, moderator; W. Rivenbark, of Teachey's, vice moderator; C. E. McCullen, of Burgaw, clerk; L. R. Highsmith, of Kerr, treasurer.

After the organization the body adjourned for dinner which was served in the grove near the church. The association reassembled at 2 o'clock and was called to order by Mr. Leftwich the moderator. Prayer was led by Rev. G. A. Martin. The first order was periodicals and religious literature. Rev. A. L. Betts, agent for the Biblical Recorder, made a strong speech upon this topic, urging the importance of taking the Biblical Recorder, which is the Baptist State organ, and presenting the merits of the paper.

The next topic was the report on Foreign Missions which was read by Rev. C. F. Whitlock and discussed by him, Rev. R. E. Peele, of Burgaw, Rev. G. A. Martin, of Wilmington, and others. The report was adopted and pledges were taken from the churches for foreign missions and after routine business the Association adjourned. State missions was the subject of consideration at the evening session, when Rev. Livingston Johnson, of Raleigh, was one of the principal speakers.

The house was well filled at each session today and many others are expected tomorrow. Those present today from Wilmington were: Dr. Foster, G. E. Leftwich, Rev. F. M. Von Muller, W. O. Page, of the First Church; Rev. G. A. Martin and wife, of Southside. Rev. C. F. Whitlock, W. L. Moore and O. O. Whitlock, from Brooklyn Baptist Church. Several others are expected tomorrow, among those from Wilmington being Messrs. D. L. Gore, W. C. Peterson, Mrs. C. F. Whitlock and others.

WILL BE SELF SUSTAINING.

Hichcock's Statement Regarding Federal Postal Sstablishment.

Washington, Oct. 11.—"Before the close of another fiscal year the Federal postal establishment will become self sustaining. This will be accomplished without curtailing in the slightest the service rendered or lessening in any respect its efficiency."

This statement was made tonight by Postmaster General Hitchcock in connection with the announcement that today he had submitted to the Treasury Department, five days in advance of the time fixed by law, his estimates of appropriations for the Postoffice Department, and the postal service during the fiscal year beginning on July 1.

During the last fiscal year, ended June 30th last, Mr. Hitchcock covered back into the treasury about $6,000,000 out of the actual appropriations made by Congress for the support of the department. The deficit of the department for that year was less than for many years, being reduced by approximately one half from the deficit of $17,000,000 of the year before. It is the expectation of Mr. Hitchcock further to reduce the deficit during the present fiscal year.

Mr. Hitchcock explained that while the business of the postal servie has grown tremendously during the last two years, the expenses of the Postoffice Department in Washington, charged with the management of the vast government establishment with its two hundred employes had not been increased a single dollar since the beginning of the prehent administration.

With the postal service able to pay its own way Mr. Hitchcock is convinced that "penny postage" for first class letters is not the "irridescent dream" as has been declared. Indeed he is almost prepared to assert that one cent postage now is in sight as a practical business proposition.

COBB WOULD NOT TALK.

Refused to Discuss Lajoie and Recent St. Louis Game.

Philadelphia, Oct. 11.—Tyrus Cobb, of the Detroit team, who with Napoleon Lajoie, of Cleveland, heads the list of heavy hitters in the American League, arrived here tonight. He said he did not care to discuss the recent game at St. Louis, where Lajoie made eight hits in eight times at bat, which may place Lajoie first in the batting averages for the year.

"I was surprised when I read of the result of the games in the papers," said Cobb, "and am sorry that either Lajoie or myself did not win the prize for the highest average without anything occurring which could cause unfavorable comment. I am not prepared to make any charges against either Lajoie or members of the St. Louis team."

LISBON IS QUIET AFTER STRUGGLE

Soldiers Being Withdrawn From Streets and Business is Resumed.

IRISH DOMINICANS EXCEPTED

Want to Keep on Good Terms With Great Britian—Italy Places Ban On Those Expelled—Situation in Spain.

Lisbon, Oct. 11.—Although the city remains under martial law, pending a reorganization of the administration, the soldiers have been gradually withdrawn from the streets. The people have resumed their business occupations and perfect tranquility prevails. Several churches were reopened this morning.

The Government has announced that the Irish dominican fathers and nuns, who have conducted a school here for many years, will be exempted from the order of expulsion. This step doubtless is due to a desire of the republicans to keep on good terms with Great Britian. The casualty list from the recent fighting falls below the most moderate of previous estimates. The official estimate gives the number killed as between 100 and 150. Unofficial estimates place the number still lower. One of the plans attributed to the organizers of the revolution was to bring off the coup d'etat on October 5th, when King Manuel was visiting the premier in the northernmost province of the kingdom. It was arranged that the train bearing the king should continue through to the frontier and the soldiers there were to prevent the king from entering Portugal. In the meantime the ministers, who would have assembled in a body at the station in Lisbon to see the king off, were to be surrounded and arrested after the departure of the train. The republic was then to be proclaimed.

The provisional government has taken possession of the houses of several religious bodies. No opposition was met with. It has been decided to issue a decree enforcing compulsory militray service.

Rome, Oct. 11.—A semi-official communication states that the Italian government has adopted measures to prevent the religious orders which have been expelled from Portugal from settling in Italy.

Gibraltar, Oct. 11.—It is announced that King George has ordered the British royal yacht Victoria and Albert to proceed to Gibraltar to embark King Manuel and the Queen mother Amelie.

Valencia, Spain, Oct. 11.—A violent collision occurred in the streets today between republicans and members of the Catholic Club. Many persons were injured and the police had to separate the combatants.

ANOTHER ARREST MADE.

Geo. Wallace, Miner, May be Implicated in Los Angeles Fire.

Sacramento, Cal., Oct. 11.—George Wallace was arrested at the Sacramento postoffice today while receiving letters which it is declared connect him with the Los Angeles Times explosion.

He is supposed to be a miner and familiar with high explosives. Chief of Police Ahern has had detectives stationed at the postoffice for several days watching for Wallace in the hope that he would ask for letters. Following his appearance today, he was arrested, just as he was endeavoring to destroy two letters.

Pinned together one of the letters shows that Wallace left Los Angeles suddenly on the day following the dynamiting of the Times building and intimates that he might know much concerning the affair.

The writer used bitter language in speaking of Harry Chandler, manager, and Harrison Gray Otis, owner of the Times.

"If I only could see you George, I could tell you a whole lot of things but one cannot be too careful what he writes in a letter," the letter says.

The other refers to the dynamiting, but guardedly. When arrested Wallace showed some indication of collapsing.

Wallace told Chief Ahern that he had been employed at Los Angeles as a gardener. It is believed, however, that he is a miner and it is known his friend who wrote the letter is a miner from El Dorado county.

BUILDING NEW BATTLESHIPS.

Steady Progress Made at Atlantic Coast Shipyards.

Washington, Oct. 11.—Steady progress is being made on the four battleships under construction for the United States Navy at Atlantic coast shipyards.

During September the Florida, building at the Brooklyn navy yard, advanced from 74.2 to 77.4 per cent., of completion; the Utah, building at the New York Shipbuilding Company's plant at Camden, advanced from 85.5 to 88; the Wyoming, building at Cramps' advanced from 35.5 to 38.9; and the Arkansas also building at Camden, advanced from 43.9 to 47.8.

THE GRAND PRIZE STILL IN REACH

Another Announcement of Standing in Contest But Many Votes Are Held in Reserve.

ASSISTANCE IS OFFERED

Call on the Manager and He Will Show the Way—Interest Now at Fever Heat—Outlying Districts a Good Field.

Announcement of the second special offer in the Star's popular voting contest was received with loud acclaim by the various contestants yesterday and a number of them have gone in with a will to organize new clubs on the 18,000 votes bonus for $18 in subscription money.

Returns to the contest department during the day were especially gratifying. Many votes were cast from the districts outside of Wilmington where the race has not been so close up to the present time. The districts outside the city are now fallow ground and the contestants are getting wise Subscriptions gathered anywhere count in any district and contestants in these outside districts should cover their field well lest city contestants and others see the fertility of he territory and go in for some little missionary work themselves.

The Star has many friends and patrons in the counties outside Wilmington; in fact, it has always been "strong" in the country and counts that the best testimonial of its worth. The field is white and the "Reapers" are few. The next three weeks will tell the story. Remember that these clubs are for new subscriptions only, but where an old subscriber is found, the contestant has the privilege of securing a payment of all arrearges and then a little payment in advance and the votes count right along in the regular schedule. There is still much complaint about the changing of names and addresses to get extra votes. This is neither fair nor honest. The extra votes are offered for new subscribers only and any change or palpable controversions of the strict rules of the contest will not be countenanced. The contest is strictly on the "square" so far as the paper is concerned and it is hoped that the public will accord to the paper that same treatment which it is willing to accord.

According to the line-up in today's paper, it will not take very many votes to be a grand prize winner. However, the number of votes that appear in the paper daily is really no criterion as there is scarcely a contestant in the race who has not at least a few votes in reserve. And this is a good idea, as a reserve in votes to a contestant, is practically the same as a bank account to a business man. In other words, it is something to fall back upon, and it also inspires confidence and enthusiasm to know that you could go in and lead in the entire contest if you so desired.

Assistance Offered Contestants.

If there is anything that the contest manager can do in the way of assisting any contestant to secure subscriptions, he will gladly do so. The vote schedule which now prevails, will not be raised in any manner during the entire contest, in fact, it is being seriously considered that it will be lowered before Nov. 7th, so now is the time to get busy and get all your promises. Tell your friends that under no circumstances whatever will the vote schedule be raised in any manner, and that by the last night of the contest the votes, if not lowered, at least will not be raised.

Votes Conversational Topic.

The talk of the town yesterday seemed to be votes. In fact, the Star's contest has caused more interest and excitement throughout the State than a Presidential election, and there are good reasons for this.

Liberality a Feature.

The principal reason is the absolute fairness shown to each and every contestant in the entire contest, and their friends are real friends of the Star Of course, the liberality of the prizes has something to do with it also—$500 in cash is something with which you can purchase almost anything that is quoted on the market at $750. Property can be purchased by paying cash, trips can be taken, books can be bought, horses and carriages can be had at a reduction by paying the cash.

$500 in Gold.

One of the first prizes, of which the Star is justly proud, will soon be on display in one of the prominent windows of Wilmington. It will be in twenty-five $20 gold pieces in an attractive frame. This frame will be given to the contestant intact on the night of the close of the contest, Nov. 7th. Is this premium not well worth striving for?

The Cuban Trips.

The winning contestants for the trips via the fast and famous Atlantic Coast Line to Cuba must not by any means miss the Cabanas Fortress. The harbor frontage of this remarkably strong fortress has three bastions and is protected by ditches 40 feet deep. The principal entrance is on the front, a drawbridge, swinging on heavy chains, spanning the ditch and giving entrance through sallyport. Above the entrance is an escutcheon which displays the castles and the dragons of the arms of Spain, with crown and necklace of the Golden Fleece.

Entrance through a vaulted hall brings one to the laurel ditch, so named from the laurel trees which grow there. This was the place of execution, the "dark and bloody ground" of the fort. The victim kneeling, face to the wall, was shot by a file of Spanish soldiers who came out from the interior of the fortress for the purpose. Marks of bullets by scores are plainly to be seen upon the wall, upon which has since been placed a bronze tablet, commemorating those unfortunates who were executed here. Inside the walls are passageways, leading to underground prisons, dungeons, etc. One is impressed above all with the magnitude of the entire structure, and the contestant may rest assured that a visit to Cabanas is well worth the entire trip.

Second Bonus Offer.

Owing to the decided interest that was shown in the first extra vote offer, put on in connection with the contest, the Contest Manager has decided to put on one more bonus offer. This offer will consist of giving a bonus of 18,000 extra votes for every $18 in new subscriptions turned into the contest department of the Star before the 29th of October. This offer is not as good as the preceding one, just closed, but will benefit all.

Below will be found a most interesting list of the Star's contestants, with the number of votes each has to his or her credit, as the result of the count on yesterday.

DAUGHTERS AT ROCKY MOUNT

Fourteenth Annual State Concention, U. D. C., Assembled There—Elaborate Reception in Ricks Hotel—Dixon to Speak.

(Special Star Correspondence.)

Rocky Mount, N. C., Oct. 11.—Tonight at the Ricks Hotel occurred the first programmed event of the 14th annual session of the Daughters of the Confederacy of North Carolina meeting this week in this city. Every train arriving in the city today are brought numbers of delegates and each train until a late hour this afternoon and the early night added to the number.

Mrs. F. M. Williams, of Newton, the State president, arrived yesterday afternoon and the committees on securing and placing delegates in the various homes have been kept busy all day. The city has been practically turned over to this noble band of women, while the places of business, many of them, have decorated in the conventional red and white, and the city presents a gala appearance.

In the spacious dining halls of the Ricks Hotel tonight at 8:30 the hostess chapter, the Bethel Heroes, held an elaborate reception in honor of the delegates, practically all of whom had arrived before the hour. While this is the first programmed event, a special matinee of the "Sins of the Father" was arranged for the benefit of the delegates and their friends, and special accommodations in the way of seating, etc., had been provided. Mr. Thomas Dixon, the author of the play and one of the famous playwrights of the Nation, was in the city with the show, and made a short curtain talk to the Daughters, many of whom were present.

There was no fixed programme for the reception at the Ricks Hotel tonight and a mingling together of the delegates, officers, members of the local chapter and their friends, proved conducive to the establishing of the spirit of welcome as goes out from every home and citizen of the city.

Among the officers of the State organization who had arrived up to noon today were Mrs. F. M. Williams, of Newton, the State president; Mrs. Eugene Little, of Wadesboro, treasurer; Mrs. W. E. Feimster, of Newton, corresponding secretary. Other officers arrived this afternoon and tonight found the entire number present in the city.

In addition to the programme as announced already, tomorrow morning's session will include the addresses from two persons of more or less National prominence, one of them Mr. Thomas Dixon, while the other is Mr. Orem Smith, of Henderson, an aged Confederate veteran who enjoys the distinction of having designed the first Confederate flag, which is known as the "Stars and Bars." It was Mr. Smith who perfected the design that was forwarded to Mobile, Ala., in the early sixties, and it was there accepted by the leaders of the Confederacy and became the flag ever held dear in the South.

All of the business sessions of the convention are to be held in the Armory of the Rose building, on Main street, and the assembly hall upstairs has been tastily decorated with the conventional colors.

CALL TO TOWNS AND CITIES.

Report On Fire Waste—Charters—Congressman Beall Can't Come.

(Special Star Correspondence.)

Raleigh, N. C., Oct. 11.—State Commissioner of Insurance J. R. Young issued his call today to the clerks of the towns and cities in North Carolina for reports on the fire fighting apparatus and general preliminary to the steps for the collection by the commissioner from the insurance companies doing business in North Carolina of the one-half of one per cent. tax on policy premiums collected by the respective companies for the year. This tax is the "fireman's relief fund provided by the legislature of two years ago. Only towns that maintain a fire fighting apparatus valued at at least $1,000 and observe the State law regulating precautions against fire waste can enjoy the benefits of this fund.

The W. A. Adams Co, of Oxford, received a charter today with $15,000 capital authorized and $1,800 subscribed for merchantile business, W. A. Adams, Oxford, and J. P. Taylor, Henderson, are the principal incorporators.

The Weldon company of the National Guard has notified headquarters her that it will be here in a body on some day of State Fair week to take in the festivities.

Much regret is expressed here at the inability of Congressman Beall, of Texas, to fill his eingagements to speak at Goldsboro, Raleigh and Asheville this week under the auspices of the State Democratic Executive Committee for the pending campaign. Sickness in his home prevented his coming to North Carolina.

NASH COUNTY CAMPAIGN.

J. W. Bailey at Red Oak—Republican Speilbinder Nonplussed.

(Special Star Telegram.)

Nashville, N. C., Oct. 11.—The regular Democratic campaign was opened at Red Oak this afternoon. The county candidates made speeches, followed by J. W. Bailey, of Raleigh. Much enthusiasm was created by the speaker. P. A. May, Republican candidate for the Legislature, was present and made an effort to defend Butler's bond record and in answer to question refused to state whether or not he would vote to pay the carpet-bag bonds in the event he was elected.

DEATH IN GOLDSBORO.

Mrs. J. D. Poplin Passes Away—Remains to Fayetteville.

(Special Star Telegram.)

Goldsboro, N. C., Oct. 11.—The death of Mrs. J. D. Poplin occurred at her home this afternoon at 1 o'clock, age 28, after a lingering illness of tuberculosis. Besides her husband, she is survived by three children, her father, Mr. A. Perry, of Fayetteville, four brothers, and four sisters. The remains will be taken to Fayetteville tonight, where the funeral will be held tomorrow and the interment made in the family plot in the cemetery of that town.

FIGHT IS FOR CHILD.

Hearing Before Supreme Court—Mother Swoons in Building.

(Special Star Correspondence.)

Raleigh, N. C., Oct. 11.—A habeas corpus proceedings with multiplying complications that had a climax in the swooning of a woman who is a prominent witness, in the Supreme Court room while Chief Justice Walter Clark was hearing a phase of it, is the case of Mrs. C. L. Petty vs. Mrs. D. M. Smith, in which the custody of the six-year-old daughter of Mrs. Petty is involved. Mrs. Petty lives in Raleigh and Mrs. Smith at Kelly, Bladen county. Mrs. Smith had the child, claiming that it had been committed to her to raise. On the other hand, the mother insisted that the child had only gone to Mrs. Smith for a visit. Two weeks ago Chief Justice Clark heard the case and awarded the child to the mother. Since then evidence alleged to prove the mother unfit to have the care of the child has been gathered by opposing counsel. Therefore, Chief Justice Clark was induced to re-open the case. The second hearing was held today. At the former hearing Mrs. C. E. Musser, who boarded at the same place as Mrs. Petty, had testified to Mrs. Petty's good character. Since then she and her husband have separated, her husband comes into court to testify to the bad character of Mrs. Petty, and as the case was being called he told his wife of his purpose to proceed forthwith for a divorce from her. It was the blunt breaking of this news to her by her, as he claims, outraged husband, that caused her to go off in a dead faint for a season. It is a notable fact, too, that a hurried search of the State offices in the Supreme Court building failed to find any liquors with which to revive the fainting woman, so that water had to be wholly relied upon. However, she came around all right.

At the hearing this morning the evidence impeaching the character of Mrs. Petty was heard and she and her counsel allowed until next Monday to answer. W. R. Ziberlin, who is a brother of Mrs. Smith, and who carried the child from Raleigh to Kelly when it went, as the mother claims, for a visit and as Mrs. Smith claims, for taking up its permanent residence with her, comes in now as the principal witness against the chastity of Mrs. Petty. Furthermore, he alleges that his knowledge of her misconduct is personal. C. E. Musser is also a witness against Mrs. Petty, alleging that he had observed questional relations between Ziberlin and Mrs. Petty.

BILLS OF LADING DISPUTE.

British Representative and American Bankers Held a Conference.

New York, Oct. 11.—A conference relative to cotton bills of lading was held this afternoon between Sir Edward H. Holden, managing director of the London City and Midland bank, and a number of New York bankers who are interested in settling the dispute with foreign financial interests over guaranteeing such securities. No definite action was taken toward effecting a settlement, it was announced later, but further conferences are to be held which may bring an agreement. Hope of such an outcome is strengthened by the statement of Sir Edward that he believed a satisfactory arrangement would be reached.

At today's meeting it is understood the New Yorkers argued that the validation certificate plan proposed by American bankers, but rejected by foreign interests, is really the best arrangement possible until better and more uniform State laws are enacted in this country. No statement was obtainable, however, as to whether the foreign interests are prepared to modify the form of guarantee they demand.

The form of guarantee demanded by the foreign bankers was published here this afternoon. It is addressed by the banker, who remits bills to Europe, to both the cotton importer and the European accepting bank and is in parts as follows:

"In consideration of you, the importer, procured the acceptance of the undermentioned bill of exchange against the undermentioned bill of lading and of you, the bank, accepting the same, we hereby guarantee to you and to each of you severally that the said bill of lading is valid and genuine, and has been so fixed by the agent duly authorized by the carriers therein named, and that at the time the bill of lading was issued, the cotton therein referred to was in the actual custody or under the control of the issuing carriers. Our liability hereunder is limited to the amount of the said bill of exchange."

RUSSIAN AVIATOR BURIED.

Impressive Tribute to Capt. Macievich At St. Petersburg.

St. Petersburg, Oct. 11.—The body of Captain Macievich, the Russian militray aviator, who was killed by a fall on October 7th was buried today. Emperor Nicholas has granted the aviator's widow an admiral's pension.

The funeral was the most impressive witnessed in this city in recent years, the honors due a great National hero being rendered. Deputations were present from all the regiments, the warships, ministries, duma, municipalties, universities and schools. The casket about which was wrapped the St. Andrew Naval standard was borne on the shoulders of General Soukhomnieff, the minister of war; Rear Admiral Voevodsky, the minister of marine, A. J. Guckoff, former president of the duma and three of Macievich's brother aviators.

The three mile route of the procession from the admiralty to Alexander nevsky monastery was lined by 200,000 spectators. At the moment of interment the dirigible balloon Krechel of the army circled above the open grave.

DR. FAISON'S CANVASS.

Heard by Great Crowds in Wayne and Annihilated Butler.

(Special Star Correspondence.)

Faison, N. C., Oct. 11.—Dr. Faison, Third Congressional District Democratic nominee for Congress, returned here Sunday after winding up his campaign in Wayne county, speaking at Mt. Olive Saturday night to 1,500 to 2,000 people who greeted the speakers. The debate as usual was all Dr. Faison's way and he concluded with a severe arraignment of Bud George's county attorney record for Sampson county, where like Mary Ann, he said, Butler had deceived and betrayed the tax payers, County Commissioners and bondsmen and Treasurer Aman, who left Sampson county finances in a "nasty mess." Dr. Faison also read from the court proceedings in Aman's trial where $2,300 forgeries were found in the settlement. Books kept in the handwriting of County Attorney Butler, which Butler could not prove, against Aman who was cleared of the charge. Dr. Faison asked Butler to clear this cloud of forgery before the people would trust him in Congress.

The Goldsboro meeting was another field day for Faison. The Goldsboro Argus in speaking of the 'mill" says: "It is but stating it mildly to say that the fierce drubbing which ex-Governor Aycock once gave Dr. Cy. Thompson at Hood Swamp in the 'flood times' of Populism, was as a Summer zephyr compared to the scathing costigation Dr. Faison administered not only to Major Butler, but also to his 'big bud', the aforesaid 'Mary Ann', and their nefarious combinations against the people of their native State. There was no equivocation in Dr. Faison's charges, no uncertain tone as to his meaning, no hesitancy as to consequences, and when he characterized his opponent's charge that he (Faison) was opposed to popular education he used the tersest language possible—he said it was a lie, and proved it: as he did every charge he made against Butler backing them up in every instance with court records and cumulative affidavits. Butler was completely done up and vitriolized and if there were any of that great audience who had thought of voting for him before the debate opened they had another thought buzzing in their brain when it closed."

Answer This Question

When shown positive and reliable proof that a certain remedy had cured numerous cases of female ills, wouldn't any sensible woman conclude that the same remedy would also benefit her if suffering with the same trouble?

Here are two letters which prove the efficiency of Lydia E. Pinkham's Vegetable Compound.

Fitchville, Ohio.—"My daughter was all run down, suffered from pains in her side, head and limbs, and could walk but a short distance at a time. She came very near having nervous prostration, had begun to cough a good deal, and seemed melancholy by spells. She tried two doctors but got little help. Since taking Lydia E. Pinkham's Vegetable Compound, Blood Purifier and Liver Pills she has improved so much that she feels and looks like another girl."—Mrs. C. Cole, Fitchville, Ohio.

Irasburg, Vermont.—"I feel it my duty to say a few words in praise of your medicine. When I began taking it I had been very sick with kidney and bladder troubles and nervous prostration. I am now taking the sixth bottle of Lydia E. Pinkham's Vegetable Compound and find myself greatly improved. My friends who call to see me have noticed a great change."—Mrs. A. H. Sanborn, Irasburg, Vermont.

We will pay a handsome reward to any person who will prove to us that these letters are not genuine and truthful—or that either of these women were paid in any way for their testimonials, or that the letters are published without their permission, or that the original letter from each did not come to us entirely unsolicited.

What more proof can any one ask?

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try this famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.

The original "bird man" was the high flyer who used to get on a lark and take in the whole town.

It would be awful mean to engrave a mule on a kicker's tombstone as an emblem of the characteristic which emphasized his life.

The King of Portugal tried to be "one of the boys" and wound up just like any ordinary Prince of Good Fellows. The kind of a route for a King or a Pleb is the same and it leads to Sprawlsville where everybody is "down and out."

Roosevelt pawned everything else for the temporary chairmanship of the New York Republican convention. He didn't seem to know that it would develop sooner or later that nobody with a thimble full of brains would give him 30 cents for his pawn-ticket.

The latest newspaper pictures of Vice President Sherman still retain that smiling and tickled expression. Evidently he has laughed off all those alleged frazzles and is enjoying himself at the expense of the Temporary Chairman who "fell down" on the platform.

The good citizen should vote the straight Democratic ticket on the 8th of November and not go wrong under the impression that Morehead dope and Butler palaver will do the work of the Gold Dust Twins in cleaning up the Republican party so as you will notice much respectability about it.

Roosevelt is to speak in Indiana to help save Senator Beveridge who is fighting the Payne-Aldrich tariff bill. He will deliver speeches in Virginia to secure the re-election of Slemp who is a buttheaded standpatter. If the ex-President had any convictions on the tariff he would draw the line an either Slemp or Beveridge.

No use to be crooked unless you want to be. Unless he is given over to total depravity, a crooked man is bound to condemn himself and never is in a position to boldly and successfully "deny the alegation and defy the alligator." Keep straight and vote right so you won't be ashamed to shake hands with yourself.

Of course, "dead men tell no tales," but if they could some of those departed "reconstruction" radicals could tell tales that would make true-blue North Carolinians sit up and take notice of the present danger from a merely promised "respectable Republican party". North Carolina is not without sorrowful pages in her history, but there is no excuse for the addition of any others calculated to make shameful reading.

From the Chattanooga Times we learn that Republican leaders in Tennessee are engaged in promoting a "State-wide prohibition propaganda." In North Carolina they are engaged in promoting "local self-government," which they hope will be understood by some people whose votes they want to get, and misunderstood by others whose votes they want to hold. That is one of the duplicity planks in the platform of North Carolina's disrespectful Republican party.

Marion Butler has gotten to the point where no Democratic spieler wants to engage in a joint debate with him. That makes him think they are "afraid" to chew the rag with him, but it seems the real reason is that the chief issue to be cussed and discussed would be Butler's record, the contemplation of which would call for a quality of profanity that no church-going Democrat could afford to indulge in on the stump. Anyhow, Butler belongs to the "pizen squad" and is putting himself out of business with his own dope.

THE GREEKS BEARING GIFTS.

A campaign subscription of $50,000 has been made by Mr. Andrew Carnegie, the Steel Magnate, to aid the Democratic cause in New York. He wants to see the Hon. John A. Dix, Democratic candidate, elected governor over Stimson, the Roosevelt nominee.

A campaign wad like that and the source of it must make the Democratic campaign managers have something like fear of the "Greeks, even bearing gifts." This is something new under the sun and the motives of the steel magnate have become the legitimate question of discussion, and the subject of conjecture. The Democrats hardly know whether to consider the Carnegie subscription as hoodoo money or whether it is represents the value of a Trojan horse. The idea that the steelmaster should want to see the Democrats carry New York! Why, it was only a few years ago that Mr. Carnegie would have given ten times that much rather than see Democrats win in either the State or Nation.

Fear of Roosevelt is announced as Mr. Carnegie's reason for wishing Democratic victory over the Republican party as it is bossed by the Rough Rider. He now regards Roosevelt as a dangerous man and foresees if Roosevelt's game is not blocked now there is danger of his getting in the lead for the Presidency in 1912. The Carnegie subscription is all the more astonishing because ony ten days ago the steel magnate was in London and in an interview expressed gladness that Roosevelt was still in politics. He declared it was a good sign to see "such a great man" taking an active part in the political affairs of his country and indeed that it was inevitable that so great a man as Roosevelt should go right on helping to shape the destiny of the Nation.

Now Mr. Carnegie has taken fright at his old friend Roosevelt with whom he was on the most intimate terms only a short while back. Fear of Roosevelt! Land sakes! It is hard to understand, for evidently the Steel Trust was one of Roosevelt's "good trusts." While he was President he didn't "bust" that trust and during the last year of his term President Roosevelt, in spite of the Sherman anti-trust law, gave his consent for the Steel Trust to gobble up its only competitor—the Tennessee Coal and Iron Company, the only producer of steel and iron that came in competition with the Carnegie product. Roosevelt not only consented to the absorption of the Steel Trust's only competitor, but promised immunity for the Steel Trust so far as government prosecution was concerned. It certainly is strange that Carnegie or any other trust captains who subscribed the money to elect Roosevelt should now fear another dose of what was a good thing for them.

Carnegie's $50,000 subscription was turned in and it was no sooner done than publicity concerning it was proclaimed broadcast. The question is whether this $50,000 of trust money was given to help the Democratic cause or really to help the Roosevelt crowd win in New York. However, the Steel Trust may be ready to subscribe to the Republican campaign fund as well, for it is the custom of some corporations to keep in with all sides. Howbeit, we believe that there is sincere fear of Roosevelt among a large class of Republicans as well as Democrats. The uncertainty and apparent radicalism of the ex-President has caused a wholesome dread of him for 1912. The Roosevelt panic has been enough for the business interests of the country and whether Roosevelt will talk trust busting now and then favor the trusts after he is elected, following his usual way of doing things, is a question upon which nobody wants to take any chances. Roosevelt is really an unknown quantity in the political problems of the day, but we doubt whether Carnegie money will be much help for the Democrats, as that kind of money has burned Republican fingers and may do more harm than good to the Dix campaign.

GROWTH OF THE SOUTH.

The census reports continue to be the cause of great publicity for the South. The increase in populations of the principal Southern cities, as shown in the census figures now being given out, is causing astonishment and comment among the Northern press. In yesterday's Star a Washington dispatch reported that the census has given Macon, Ga., 40,665 inhabitants, an increase of 17,393 over a population of 23,272 in the 1900 census. This shows that Macon's increase in population during the ten years has been 74.7 per cent. as compared with the previous census. This morning's paper carries the story of Charlotte's growth of 88 per cent. in 10 years.

There is something peculiarly gratifying in the evidences of the South's growth in population, and especially on a scale far exceeding the normal percentage in the increase of population. The showing made by many Southern cities is regarded as really marvellous and this strong evidence of progress is calling forth editorial comment among the leading papers of the North. The New York Sun in an editorial a few days ago, said:

"The growth of the cities of the South, as shown in the returns now nearly complete of the 1910 census, is a striking evidence of the fact that they are doing better now on the other side of Mason and Dixon's line than at any time since the civil war. The Southern municipalities have fallen into line away up near the head of the great uplift procession of American cities. Neither the industrial enterprise of New England nor the agricultural prosperity of the West has earned a rank nearer to the forefront of the column, where the sweet music of success hits rhythme for the ambitious pace."

Not alone will the census show a gratifying growth in the populations of the Southern cities but it will later unfold a still marvellous story of manufacturing enterprises and industrial development throughout the South. Especially will this be true as to the Carolinas and Georgia. In crop production, beginning with cotton and including corn and all other farm products, the census also will show a growth probably in greater porportion than in the increase of population.

During the past decade attention has been attracted to the great resources of the South and the trend of capital and population has been Southward. The revelation still to be made by the present census will more than ever accentuate the potenialities of the South and it can be asserted that her unlimited possibilities and opportunities, especially in the South Atlantic States, will in the next decade cause a growth more remarkable than that of the past ten years. While North Carolina has become probably the second or third cotton manufacturing State in the Union, there yet awaits untold opportunities in that line and we are sure the agricultural and mineral resources of this State are soon to receive a full share of attention.

King Manuel appears to be the Monarchical Johnny of Europe. He seems to have lost out in worse shape than the recent Bob Chainer.

The Good Old North State depends upon loyal North Carolinians to go to the polls on the 8th of November and put in a ballot to "save the State."

The Norfolk Lancmark again emphasizes the fact that "further proof is furnished that Dr. Cook did not climb Mt. McKinley." The proof also is accumulated that Roosevelt did not walk the log of the Old Guard at Saratoga.

CURRENT COMMENT.

Helping Slemp and Beveridge at the same time illustrates the Roosevelt facing-both-ways policy.—Norfolk Landmark.

As North Carolinians can not by any stretch of imagination claim that the commission form of government was born in that State, they had better adopt it. It is good.—Columbia State.

At Cincinnati Saturday the largest plate collection ever taken up in an American church gathered in $24,110. Mr. J. Pierpont Morgan was present Puzzle: Did he contribute the $110 or the $24,000?—Norfolk Landmark.

Noah Allen met John Garner in their first joint debate at Eagle Pass the other day and reports of the discussion indicate that Noah may recover, but he will never look like the same man again.—Reno (Tex.) Times.

In Tennessee they have such a political situation that their distinguished visitor, Col. Roosevelt, will regret that he cannot be treated as one of the family and allowed to participate in the fight.—Louisville Courier-Journal.

Greensboro needs more manufacturing enterprises, but what she needs worse just now is something that will cause the mills we already have to run on full time. Two-thirds of a week for two years is getting stale and the mill men do not want any more of this kind of Roosevelt prosperity.—Greensboro Record.

"As a really loyal party organ, the St. Louis Globe-Democrat puts the blame for the small increase in the population of Missouri on bad policies that were inaugurated when the Democrats controlled the State." Since we come to think of it, the Democrats did turn the rascals out. It's a wonder that explanation hadn's occurred to someone before.—Richmond News-Leader.

Charles E. Hughes acts, speaks and writes with a directness that is all too rare among public men. Here is the complete text of his formal resignation of the high office of governor of New York: "To the Legislature; I hereby resign the office of governor. Charles E. Hughes." Can you imagine what William R. Hearst, William Sulzer, Champ Clark, or the leading citizen of Oyster Bay would have written under the circumstances?—Baltimore Sun.

The Greenville Reflector notes our recent remarks about 764 Wilmington women visiting a single store in a single day for the purpose of considering new bonnets, and caps the tale by declaring that a Greenville store entertained the other day no fewer than 609 of the fair creatures bent on the same errand. Considering the respective sizes of the two places, we are inclined to think that the Greenville husband as a type is considerably less well off than his brother at the mouth of the Cape Fear.—Charlotte Observer.

If the New York bond syndicate should succeed in forcing North Carolina to pay their claims of $27,000,000, for bonds issued and stolen by the negroes and scalawags in 1868-9, it would be about $14 each for every man, woman and child in the State to pay. Or it would increase taxes to about $5 on the $100, if paid off by one levy. If you pay taxes on $1,000 valuation, your part would be ONLY $50. Figure up your part and see if you think the bond syndicate which got the stolen bonds for practically nothing, should recover the amont, along with enough to pay Mr. Butler a big fee for running this campaign and making the collection.—Wilson Times.

COLUMBUS NEWS NOTES.

The Charlotte to Wilmington Highway—Other News and General Notes.

(Special Star Correspondence.)

Whiteville, Oct. 12.—A gentleman in town yesterday from Bolton says the people of all his section are enthusiastic over the Wilmington-Charlotte highway, and when the pathfinders pass through they will receive a warm greeting. He says that two prominent citizens will give $800 toward the road, one $500 and the other $300. About half the distance between Chadbourn and Whiteville is a splendid sand clay road, and just as soon as the chaingang completes the work it is now on it will be put on completing the road. It is intended to straighten out a place near the County Home, where the road makes a complet square, by which two miles of uthe distance between Chadbourn and Whiteville can be saved, and the road put on better ground. We will then have one of the finest driveways in this section between these two important towns in our county.

"The Deestrick Skule," given by Circle No. 3 of the Civic League, was a delightful success, and quite a nice sum was realized. Col. J. B. Schulken, the nestor of the Whiteville Bar, was "Mr. Hezekiah Pendergrass." This performance developed some first class dramatic talent in Whiteville. Miss Mary Pitts, the talented young lady in charge of the music department of the Whiteville High School, is now writing a new play, and when completed it will be put on in the auditorium.

Mr. Charley Usher, who lives between Chadbourn and Peacock, had his barn burned on Friday afternoon, the building being struck by lightning. He lost a few farming implements and some hay, but no stock. It was a handsome new and modern barn.

Rev. Chas. C. Smith, pastor of the Whiteville Baptist Church, has returned from Brevard, N. C., where he has been recuperating but at the same time assisting in a religious revival.

The Cape Fear-Columbus Association, composed of the Baptist churches of Columbus county, will convene with the Baptist church at Tarbor on Thursday, Oct. 20th. On account of train schedules the Association will not open until 11:30 in the afternoon. At that hour it will be called to order by Moderator J. R. Williamson, and the introductory sermon preached by Rev. M. A. Stephens, of Evergreen, after which the regular business of the Association will be taken up. Among visitors from a distance expected are Rev. W. C. Tyre, D. D., of Raleigh; Mr. Archibald Johnson, of Thomasville, N. C., who will represent the Baptist Orphanage, and Prof. C. M. Beach, of Delway, N. C., who will represent the educational interests of North Carolina Baptists.

Hon. J. A. Brown, of Chadbourn, was in Whiteville last evening and says his town is making great preparations for the gathering of the Farmers' Union, and a large crowd is expected.

UNIVERSITY NEWS NOTES.

Basket Ball Team—Class Football—University Star CCourse — Seniors

(Special Star Correspondence)

Chapel Hill, N. C. Oct.10.—For the past several yeras there have been several enthusiasts at the University whose ambition and hope it has been to form a Varsity Basket Ball Team.

A basket ball association was formed and a little work was done but nothing important ever happened.

This year it seems as if basket ball is to be an assured thing at the University. Coach Cartmell has been interested in the sport and is to train and coach the team, which is saying enough for its assured success. A challenge has been received from Tennessee; also old challenges are held from colleges in this State and it is determined this year to put Carolina in the class of basket ball artist of the State.

Great interest is now being taken in the development of the class football teams at the University. Mr. C. E. McIntosh, an old football player, has been appointed director of the class teams and has them in charge every afternoon on the class field.

Besides inter-class games, there is to be a regular schedule for the Freshmen. Manager Applegate has already completed arrangements for the games with Davidson Freshmen and Bingham, Mebane School, and will probably get games with the Raleigh and Greensboro High Schools.

The first number of the University Star course was given recently when the Edwin R. Weeks Musical Company gave a performance in Gerard Hall.—The Senior Class met Saturday a week ago for the purpose of hearing the report of the 'Stunt' Committee. The second "stunt" is always given during Junior week and is usually one of the fetes of the occasion. The committee this year decided to have a play, to be written by members of the class. A committee of eight was appointed to arrainge for the production. Messrs. Oliver, Hough, Solomon, Dixon, Cowles, Vanstory, Thompson and Joyner. Banquet, finance and picture committee were also appointed.

The Winston-Salem Club was organized Thursday of last week. L. B. Whitaker is president. R. G. Stockton, vice president; H. A. Vogler, secretary and treasurer. Prof. A. H. Patterson and Messrs. C. T. Wooten, J. W. Beard and C. A. Vogler, of the faculty, were elected honarary members.

What was formerly known as "West Chapel Hill" has recently taken a boom and is gradually becoming a hustling little town. Recently about 60 business lots were sold there and the postoffice has been named Venable".

There is already a large cotton mill of the Erwin chain in the village and another is being built by Mr. Tom Floyd. The railroad has extended a track into the Town.

A Reliable Medicine—Not a Narcotic. Get the genuine Foley's Honey and Tar in the yellow package. It is safe and effective. Contains no opiates. Refuse substitutes. Robert R. Bellamy.

LOOKS LIKE NEW BEACH HOTEL

Proposition Took Tangible Shape at Meeting of Stock Subscribers Yesterday—Committee Named to Secure Charter.

The proposition to erect at Wrightsville Beach, near Station 1, a new and modern hotel, which has been under consideration by prominent business men of this city for several months, took more tangible shape at a meeting yesterday at noon, in the rooms of the Chamber of Commerce, of the subscribers for stock, the net result being the appointment of a committee to secure a charter and make all other preliminary arrangements incident to organization of the company. The erection of the hotel, which, according to the present plans, will be about the handsomest and most durable at any seashore resort in the South, seems now almost a certainty and the indications are that within a few months actual work on the structure will begin.

The meeting yesterday at noon was presided over by Mr. J. A. Taylor, president of the Chamber of Commerce, and a subscriber for stock in the new enterprise. There were 281 shares of stock represented at the meeting. All those present seemed to be encouraged to the extent of feeling reasonably sure that the proposition will go through as planned. Mr. Geo. G. Carter, the promoter, made a statement of the progress so far made on the project and stated that the matter had now reached the stage where it was necessary to incorporate the proposed company so as to secure subscriptions of stock from other places. He was satisfied that the remainder of the stock needed could be secured if the company is placed on a basis of permanent organization. Mr. Carter stated that he would not collect any of his local commissions for securing stock until fully $150,000 from other towns had been secured by him. There are now about 49 local subscribers for stock and Mr. Carter thought that an additional $25,000 could be placed in Wilmington when the matter is put before the public in concrete form. In urging the formation of the company as early as possible, Mr. Carter said that in his canvass for subscriptions he was frequently asked as to the kind of building, personnel of the directorate, and other questions of like nature, which could be answered only after the organization is perfected and officers and directors elected.

Upon motion of Mr. H. E. Bonitz a committee consisting of the following was named to secure a charter for the enterprise and do other preliminary work incident to organization: Messrs. G. C. Carter, the promoter; Thos. H. Wright, Mayor of Wrightsville Beach; Chas. N. Evans, president of the Southern National Bank; M. W. Jacobi and J. A. Taylor.

There was some discussion as to the kind of building that should be erected but this phase of the matter was not given full consideration, as this will be a part of the work of the board of directors of the company.

Application will be made within a few days to the Secretary of State for a charter for the company, following which the subscribers for stock will be called together for the purpose of organizing, and then the work of securing subscriptions for stock outside of the city will be undertaken and Mr. Carter feels sure of success.

Among those in attendance upon the meeting yesterday were Messrs. L. Stein, D. L. Gore, B. H. Stephens, M. W. Jacobi, E. Norfleet, J. F. Woolvin, Z. W. Whitehead, C. D. Maffitt, M. S. Willard, John R. Hanby, Clayton Giles, Jr., T. H. Wright, H. E. Bonitz, J. A. Taylor, G. C. Carter, J. M. Solky and Walter P. Stacey, Esq.

NEWS OF THE SHIPPING.

Six Tramp Steamers in Port Now—One Arrival Yesterday.

Six large tramp steamers, four British, one Danish and one Swedish, are in port at present for cargoes and aggregate a tonnage of about 13,000 net register, which is a record for the season. Five of the vessels are here for cotton and one for gum logs.

The British steamer Basuta, Capt. Thompson, arrived yesterday from New York, light, for cotton from Messrs. Alexander Sprunt & Son.

Activity in marine circles at present is noted with much interest and makes an unusual and splendid showing for the port of Wilmington. This will be a big month for exports of cotton as the receipts have been gradually increasing, over 10,000 bales having been received during the past couple of days at the port.

Ice Cream Supper for Juniors.

Members of the Junior Department, of the Y. M. C. A., were given a thoroughly delightful surprise as they left the gymnasium floor last night, in the nature of an ice cream supper, given by General Secretary Huntington. It is needless to say that the boys enjoyed the "treat" to the fullest extent.

ITCHING IRRITATION.

Worst Form of Skin Trouble Quickly Cured by Inexpensive Treatment.

When you suffer with any skin trouble, even though the itching seems unbearable, do not think that it is necessary to use some disgusting greasy ointment. Try Hokara, a pure and simple skin food, that is guaranteed to contain no grease or acids and which is so cleanly that it does not soil the linen.

Its power to instantly relieve any irritation of the skin and make it soft white and beautiful is almost miraculous.

Not only are minor skin troubles, like pimples, blackheads, ache, barber's itch, etc., quickly cured, but the worst ulcers or cases of salt rheum or eczema are cleaned and healed by this wonderful skin food.

In order that any one may try Hokara at small expense, J. Hicks Bunting Drug Co. are selling a liberal sized jar at 25 cents, and in addition guarantee to refund the money if the treatment does not do all that is claimed for it. Larger size 50 cents.

If the skin trouble is caused by impure blood or if the bowels are inactive, use Hokara Blood Tablets. They cool and cleanse the blood and regulate the bowels in a natural way.

BIG STORAGE FOR COAST LINE

Will be Erected on Water Front—Work Commenced Yesterday on Piling for Foundations for New Structure.

Work was commenced this week on a big storage warehouse on the lower yards of the Atlantic Coast Line, on the water front between the compresses of Messrs. Alexander Sprunt & Son and the Seaboard warehouses. The dimensions of the new building are 100x200 feet and all plans for the work have recently been completed in the chief engineer's office in this city.

The driving of piling for the foundation is in progress at present, the contract for this work having been awarded to the Diamond Steamboat & Wrecking Company. The new warehouse, which will be erected on the freight yard near the coal chute, is excellently located and will be about the size of the Seaboard warehouses, situated only a few hundred yards further up the water front.

The contract for the actual building has not been given. Bids are being received and everything will be in readiness for the work as soon as the foundation has been laid.

The new Coast Line storage is in keeping with the improvements along the water front in that vicinity and will make the fifth of these large warehouses, three being owned by the Seaboard, and one by the Wilmington Compress & Warehouse Company, which have recently been built. Nothing definite in regard to the cost of the new building can be given out as yet. The driving of piling for the foundation will require several weeks as the new storage will be built about 40 feet into the river.

DAY OF ATONEMENT.

Solemn Occasion in Jewish Church Calendar—Services Announced.

The Jewish festival, the Day of Atonement Yom Kippur, the holiest day in the Jewish calendar falls this year on the 13th day of October. The Hebrew date is the 10th of Tishri. The festival is ordained in Leviticus XVI 29-34 and XXIII 26-32. In both passages it is styled "A Sabbath of Solemn Rest."

The purpose of the Day of Atonement is clearly indicated by its name. It is intended to complete and crown the work of the penitential season, begun on the first of Tishri (New Year), by finally reconciling the soul with the Almighty. Implicitly trusting in the Divine forgiveness, the Israelite believes that his contrition, if it be really sincere, will atone for him, will make him "at one" once more with his Heavenly Father. The day, then, is devoted to a supreme effort of penitence, to a mighty endeavor after communion with the Almighty. It is spent in prayer and meditation.

It is kept, too, as a fast, in obedience to the command given in each of the two passages above cited where the expression "afflict his soul" must be understood, as it is throughout the Bible, as synonymous with fasting.

The chief, the real aim of the Day of Atonement is the reformed life. All the external elements of the day's observance—its worship and austerities—are intended to promote this supreme purpose. They cannot do duty for it. The act of fasting is partly to serve as a self-imposed chastisement, and partly it has a reflex influence. For hunger and weakness tell upon the conscience; they mortify pride, break down obstinacy, cast men down before God in humility and contrition. But fasting does even more than that. Taking the worshipper away from such carnal occupations as eating and drinking, it helps to fix his thoughts upon the needs of the soul. It makes the day one of physical abstinence and self-denial, but also of correspondingly increased spirituality.

At the Temple of Israel, corner of Fourth and Market streets, services will be held this evening at 6 o'clock, and tomorrow morning at 10 o'clock.

Assault on Son-in-Law Charged.

Constable Savage yesterday arrested John Watson, white, on the charge of assault with deadly weapon on his son-in-law, E. S. Capps, alleged to have occurred yesterday morning at the home of the latter on Fifth, between Wooster and Dawson streets. Watson was at Front street market when arrested. He was sitting down with a double-barreled shot gun across his knees when the officer approached. The gun is now in the office of Justice Harriss, who will investigate the case at 10 o'clock this morning. In default of bond in the sum of $100 Watson was committed to jail to await hearing. Watson, it is said, was drinking yesterday.

Revival Begins Tomorrow.

He and Mrs. Butler are now in Raleigh, where they have been assisting in a revival meeting.

Capt. Bogardus Again Hits the Bull's Eye.

Recently interviewed, he says: "I suffered a long time with kidney and bladder trouble and used several well known kidney medicines, all of which gave me no relief until I started taking Foley Kidney Pills. Before I used Foley Kidney Pills I had severe bachaches and pains in my kidneys and suppression and a cloudy voiding. On rising in the morning I would get dull headaches. Now I have taken three bottles of Foley Kidney Pills and feel 100 per cent. better. I am never bothered with my kidneys or bladder and again feel like my own self." Robert Bellamy.

SUPERIOR COURT ADJOURNS

The Fowler Will Case and That of Irving, et al., Against Pembroke Jones, et al., Comes to a Sudden Ending.

The rather abrupt and unexpected termination yesterday morning of two important actions that it was thought would consume considerable time in hearing, left very little to be done in Superior Court during the remainder of the term and shortly after 5 o'clock court adjourned sine die. The cases which came to a sudden ending were in the matter of the will of Zillah Fowler and Mary E. Irving, et al., against Pembroke Jones, et al.

The case involving the will of Zillah Fowler was the one set for hearing yesterday morning and it was understood that the Irving case was to follow. W. P. Mangum Turner, Esq., associated with Walser & Walser, of Lexington, represented the caveators to the will. Mr. Turner stated to the court that he had expected a member of the firm of Walser & Walser to be present, also important witnesses residing near Lexington, but they had not arrived, therefore he asked to be permitted to withdraw from the case. Judge Whedbee stated that he could not allow counsel to withdraw, although he realized the embarrasing position in which Mr. Turner had been placed. He thought the case of such importance that it should be disposed of at this term, stating that if the caveators did not take any more interest than to come here and press their suit they were to blame for the situation. The hearing of the matter was then begun, ex-Judge E. K. Bryan and A. G. Ricaud, Esq., appearing for the propounders. They had no difficulty in adducing testimony in abundance to show that Mrs. Fowler was of sound mind at the time she made her last will, a short time before her death. Some testimony was introduced by the caveators, but it did not tend to show that Mrs. Fowler was of unsound mind. Judge Whedbee directed the jury to return a verdict in favor of the propounders. Before directing a verdict Judge Whedbee stated that he would hear from Mr. Turner on any evidence produced sustaining his position. Mr. Turner again explained that he was merely associated with the Lexington counsel and knew but little about the controversy and frankly admitted that the caveators had failed to make out a case.

The next case called was that of Mary E. Irving, et al., against Pembroke Jones, et al., an action involving a considerable tract of land at Wrightsville Sound which has been on the docket for several years and non-suited twice before. It took some time to get the plaintiff, Mrs. Irving, in court, and when she arrived C. D. Keeks, Esq., Greer & Koonce and Col. N. A. McLean, her counsel, asked to be allowed to withdraw from the case, stating that the plaintiff had engaged other counsel and did not desire their services longer. K. C. Sidbury, Esq., said that he was engaged yesterday to appear in the case and understood that he was to be associate counsel. He stated that he was not familiar with the case and insisted that the other counsel not be allowed to withdraw. Judge Whedbee allowed Messrs. Weeks, Greer, Koonce and McLean to withdraw and ordered that the case be tried. Mr. Sidbury then took a nonsuit.

Entries were made in the following cases: In the matter of the will of Neely Carr, continued. Hall & Pearsall, Inc., against the S. A. L. Railway, order to amend complaint. Wm. Page against Ola Page, continued. Tena Richardson against Betsy Richardson, time to file pleadings; S. L. Smith & Son against Rogers & Thomas, continued.

Alex. Sprunt & Son against J. B. Weatherly, order; it appearing that the defendant in the action has died since the institution of the action it was ordered, upon motion of Rountree & Carr, that the present representative of the defendant be made a party defendant and that summons to be served upon him.

Alex. Sprunt & Son against M. S. Marley, plaintiff given until the next term to file amended complaint. W. E. Springer & Co., against Amos J. Johnson, judgment for dismissal, it appearing that the matters at issue had been amicably adjusted and settled. Mary J. Smith against Charlie Smith, continued. Charles Wessell against Alex. Newton, notice to parties to employ counsel or action will be dismissed.

Helen A. Covington against L. M. Covington, continued. W. H. Grafflin, et al., against Emma C. Grafflin, et al., judgment to be signed out of term time by consent. J. W. Harper against M. L. Winner, et al., judgment to be signed out of term as of this term.

Emanuel Dismond against the Ocean Fisheries, judgment for dismissal. Jas. McLaurin, adm., against Thos. McLaurin, agreed that judgment may be signed out of term time as of this term. Stern & Co., against Union Vehicle & Trading Co., upon motion of Herbert McClammy, Esq., the Corbett Buggy Co., was made a party plaintiff. Mary A. Lillycrop against the Sovereign Camp, Woodmen of the World, judgment in favor of plaintiff for $1,330.88 and costs. New Home Sewing Machine Co., against R. H. Cowan, judgment in favor of plaintiff for $251.42 with interest and costs. J. A. Taylor against Chas. Ross Lumber Co., judgment by default in favor of plaintiff for $359.35, upon motion of Rountree & Carr, for the plaintiff.

Thos. W. Davis, Esq., lodged a motion to set aside the verdict in the case of Eddie M. Bryan against the Hilton Lumber Co., in which the jury Monday evening returned a verdict in favor of the plaintiff for $7,566 for the loss of an arm. Mr. Davis contended that the amount was excessive. Ex-Judge E. K. Bryan, of counsel for the defendant, also argued the motion. Judge Whedbee said that he did not thing $7,566 was too much for an arm, though he might place a higher value on that member than it was really worth. He would not consent to set aside the verdict, but stated that if the defendant would agree to pay the plaintiff $5,000 immediately he would reduce the verdict to that amount. He emphasized the fact that he would not attempt to advise counsel for the defendant what to do in the matter. Mr. Bryan stated that he could not commit his client without first holding a conference with him. Agreement was reached between Geo. L. Peschau, senior counsel for the plaintiff, and counsel for the defendant, whereby the judgment in the case is to be sent to Judge Whedbee to be signed within 15 days from date of expiration of the present term of court. This will give the defendant company time to decide whether or not it will be willing to pay the plaintiff the $5,000, which, however, might not be acceptable to the plaintiff.

Late in the afternoon the case of Charles Craig against Morgan Davis, an action for $66 alleged to be due as salary, was heard, the jury returning a verdict in favor of the refendant. It was an appeal from a magistrate's court. Kellum & Loughlin appeared for the plaintiff, while ex-Judge E. K. Bryan represented the defendant.

The hearing of the case against the Winners, who were cited to appear and show cause why they should not be attached for contempt of court in violating an order of court, made in the case of the New Hanover Transit Co., against Marion Winner, et al., restraining them from taking away and disposing of certain property at Carolina Beach, was set for 3 o'clock this afternoon, but Judge Whedbee announced yesterday afternoon that he would find Winner technically guilty of contempt and dismiss the action upon payment of the costs. Messrs. Bryan and McClammy appeared for the Transit Company, while L. Clayton Grant, Esq., represents the Winners.

SAVANNAH GETS THE RACES.

Grand Prize Event Goes to Georgia City—Auto Club Decides.

New York, Oct. 11.—Formal sanction for the running of the International Grand Prize Automobile Race at Savannah, Ga., on November 12th was voted by the board of governors of the Automobile Club of America this evening, ratifying the action of the contest committee of the club which had already awarded the contest to Savannah. The race was originally scheduled to be run over the Vanderbilt cup course on Long Island on October 15th, but was called off on account of public criticism and discontent of drivers because of the deaths and accidents that marred the Vanderbilt race. Immediately after the governors had given their sanction for holding the race at Savannah, Arthur W. Solomon, secretary of the Automobile Club, announced here that a two day meet will be held. On November 11th two other races for lighter classes will be run. One race will be for cars of from 161 to 230 cubic inches piston displacement, the other for cars of from 230 to 300 cubic inches piston displacement.

According to Mr. Solomon 19 cars have already been promised, for the big event and six cars and drivers are expected to start for Savannah on Tuesday to begin practice. The committee of Savannah enthusiasts, headed by Mayor Tiedemann, which came here to urge the city's claims for the race, will return home tomorrow to rush to completion the arrangements for the race. The course over which the race—the second grand prize—will be run, is 18.5 miles long and the cars will circle it 22 times making the total distance about 407 miles.

Eugene Harris Arrested.

Eugene Harris, a young white man, for whom a warrant was issued last week on the charge of selling near-beer without license, was arrested at 2 o'clock yesterday afternoon by Patrolman M. A. Jones at 11th and Market streets, and was taken to the City Hall, where he was recognized for his appearance for trial before the Recorder this morning. It will be recalled that Mr. John Capps was tried last week on the charge of selling near-beer without license, the case being dismissed, as it appeared from the evidence that the near-beer was sold by Harris, for whom a warrant was immediately issued.

WILL WIN IN FAIR TRIAL

Many Years' Experience Causes Mrs. Eells To Think She Can Predict Outcome.

New Hartford, Iowa.—"I think I am well qualified," writes Mrs. L. Eells, of this place, "to recommend Cardui, and strongly advise all women to give it a trial. For the past twenty-four years, I had been afflicted with troubles peculiar to women. They made life a burden to me. I tried home doctors, and various remedies without relief. At last I began to take Cardui, according to directions, and now I am entirely cured of all my afflictions."

Do you suffer from any of those troubles to which all women are liable? If so, how would you like to be able to say, "Now I am entirely cured of all my afflictions," like Mrs. Eells does?

Take Cardui, the woman's tonic.

For more than half a century, this purely vegetable, gentle-acting, woman's remedy, has been in successful use in the treatment of just such troubles. Not only has it helped sick women to health, but as a strength-giving tonic for weak, debilitated women, it has been found of more than ordinary value.

THE RECORDER'S COURT.

Decision Reserved in Cases Against Magistrate J. H. Sykes.

Yesterday morning's session of the Recorder's court was featured by the trial of two cases against Magistrate J. H. Sykes, charged in one warrant with nuisance and in another with carrying concealed weapons, both being sworn out by J. W. Goley before Justice W. F. Jones. The cases were removed to Justice W. McD. Evans' court and were heard Monday, both being sent over to the Recorder. Kellum & Loughlin represented the defendant at the hearing yesterday. After the evidence had been given the Recorder announced that he would reserve his decision until today.

Jim Sanders, colored, was tried on two charges—carrying concealed weapons and drunkenness and disorderly conduct. For carrying concealed weapons he was fined $25 and costs and in the other case he was required to pay the costs. Mr. John Capps was required to pay the costs in a case against him for slapping Ben Frink, colored. Frank was tried on the charge of drunkenness, judgment being reserved until today. A case against George Singletary, colored, charged with assault and battery, was continued until today. Mary Murphy was taxed $5 and costs for disorderly conduct. T. W. Wadley, a middle aged white man, who said he came here three days ago to work in a barber shop, but got drunk and consequently went broke, was arraigned on the charge of vagrancy. He said he wanted to go to Florence, S. C., where he had a job and asked the court to dismiss the case upon the conditions that he leave the city. The Recorder allowed the defendant to go upon condition that he leave the city before 5 o'clock yesterday afternoon.

Took a Cold Plunge.

Last night between 9 and 10 o'clock a middle-aged white man, a stranger in the city, said to be a resident of Bladen county, and who had tarried too long at some of the ni-beer establishments in town, wandered to the foot of Princess street and toppled off the wharf into some 30 feet of water. Luckily some colored women fishing on the dock and a colored man on a wood flat were in close proximity and threw the man a line by which he was held until Officers J. F. Jordan, Saunders and H. G. Bullard arrived and showed him the way to one of the downtown hotels where he said he was stopping.

LADIES' AUXILIARY OF Y. M. C. A. RE-ORGANIZED.

The re-organization meeting of the Ladies' Auxiliary of the Y. M. C. A., held in the parlors of the association yesterday afternoon, was well attended and much interest was shown. The devotional exercises were conducted by General Secretary J. B. Huntington, after which officers for the ensuing year were elected as follows: President, Mrs. R. W. Hicks; secretary, Mrs. G. E. Leftwich; treasurer, Miss Mitt Moore. The organization promises to be a great force in the life of the association during the year. Plans are now being made by the ladies for the annual Fall reception which will be given some time during the month of November.

—Owing to the lack of a quorum of the board of directors the bids advertised to be opened by the Wilmington Savings & Trust Co. yesterday for the property on Princess street, 16 feet frontage, adjoining the lot upon which the bank will erect its new home, were not acted upon, the matter being deferred until Thursday.

SERIOUS CUTTING AFFAIR.

Eight Year Old Boy Stabs Youth of Fifteen—Both Colored.

Sampson Kelly, 15-years old, was seriously stabbed in the side by Elias Miller, eight-years old, near Tenth and Castle streets, between 9 and 10 o'clock last night. Both are colored and live in the neighborhood in which the trouble occurred. While the wound is serious it is not thought that it will prove fatal. Kelly refused to go to the hospital for treatment and he was given attention at the Hanover Drug store, corner Seventh and Castle streets, and was then taken to his home. Miller was arrested a short time later by Mounted Officers Brinkley and Coleman and sent to the City Hall, where he is being held pending the result of Kelly's wound. In case of a wound there is always a danger of complications and only time can determine the seriousness of the wound inflicted upon Kelly. The officers were unable to learn the cause of the trouble between the youths.

New Home for City Laundry.

Workmen began yesterday to tear down the old building known as the Hill residence on the east side of Second, between Market and Princess streets, preparatory to the erection on the lot of a handsome new home for the City Laundry Company, which recently purchased the property from Mr. S. A. Schloss for $10,000. The building that is being torn away is a three-story brick structure and is one of the landmarks of the city. Work of erecting the new building, plans for which have already been drawn and accepted, will begin in a short time.

AT THE THEATRES.

"The Girl Behind the Counter" was presented at the Academy of Music last night to a large and well pleased audience. Many of theatre-goers pronounced it one of the best attractions seen this season. Owing to the size of the playhouse not anything like all the scenery carried by the company could be used, it being stated that one solid carload remained untouched at the depot here. Dick Bernard, the star, was splendid in the several roles in which he appeared. The chorus was large, good looking and well trained, making this one of the strong features of the show. The scenery is elaborate and beautiful. The production was well received by the large audience.

A Plea For Racial Purity.

While offering his new play, "The Sins of the Father," mainly and chiefly as an entertainment, Mr. Thomas Dixon does not mince words regarding its purpose. He describes "The Sins of the Father" as a passionate plea for racial purity against the dangers that threaten the existence of white civilization. The playwright-author sees this grave peril in the mixture of white and African blood, caused by the sins of white fathers. The evil has been denounced from pulpit and platform, legislated against, and condemned by the newspaper press; but Mr. Dixon is the first to attack it in a play.

The story of "The Sins of the Father" is presented in such a manner that no offense is given to men and women auditors. Only the consequences to a later generation, from a father's folly and thoughtlessness, are exhibited. The situation is dramatic in the extreme. Helen Winslow, a young beauty betrothed to Major Norton's son, is suspected of being a "sixteenth-blood" negress. A struggle follows between the parent and the boy. The tragic complications are strange and exciting, but in the end the difficulties are resolved and the family honor is cleared. Alongside the serious interest is a delightfully comic sub-plot, involving the fortunes of a sable pair of servitors named Andy and Minerva.

The playwright believes the "white man's burden" at the present time is to check the spread of miscegenation with all the awful consequences it entails. The South must be the leader. True to it's best traditions, it can save American civilization, and it will. The North must learn of the South forbidding both the lawless relationships and the mixed mariages between the races. Such is the gist of the new message by the celebrated author of "The Clansman." His new play, "The Sins of the Father," has been creating a big sensation in North Carolina and will, no doubt, play to two capacity houses in this city Saturday. It will be offered at matinee and night then, and indications point to a big rush for seats. Many out-of-town orders have already been received. Greater interest than ordinarily attaches itself to the engagement, as Mr. Dixon himself will appear at each performance in Wilmington, in order to greet his Wilmington friends and to make a defense of his wonderful play.

Popular Price All Next Week.

The Academy all next week will offer a popular price attraction. It will be the first of the season and will be in true keeping with the other high class attractions the local playhouse has presented this season. What Jefferson DeAngelis is to the high priced stage the offering next week, Starkey's Players, is to the popular price stageland. The organization is claimed to be one of the very best of its type on the road and, judging by a long string of tributes, gathered from the press of many places the attraction has played, it well deserves its reputation. Starkey's Players are this season only touching at the high spots. In other words are only playing the larger cities of the South and will come to Wilmington from Charleston, where they are holding the boards this week. One of the strongets bills in the company's repertoire will be selected for Monday night and in conjunction will be presented a number of acts of star vaudeville.

The prices for the week will be 10, 20 and 30 cents, and seats for Monday night will go on sale at Plummer's Saturday morning.

Rita Fornia.

Rita Fornia, the young Lyric soprano, who has already made a marvellous success in opera and concert here and abroad, has planted her standard well up with those of the great stars.

Miss Fornia is an American, having been born in San Francisco. Patti came to San Francisco when Miss Fornia was a young girl, and at that time she was wild with desire to go on the stage and be another Patti, but her father would not hear to it. After a great deal of persuasion, he finally consented to allow her to go to New York and here she met Emil Fischer, who insisted that she should go abroad, and Miss Fornia sent so many telegrams to her father that he sent her the money to go for six months.

Miss Fornia then went abroad and studied in Berlin. Her teacher thought she was a coloraturo soprano. She made her debut in the coloratura role of Eudaxia in "La Juive." This was at Hamburg and in the company at that time were Marion Weed and Carl Burrian. She also sang at that time Rosina in "Il Barbiere di Siviglia" and Inez in "L'Africaine," and the Queen of the Night in the Magic Flute. She sang this role to the usual transpositions, making E flat the highest note. Miss Fornia soon discovered that the coloratura singing was ruining her voice, and she then went to Paris and began to study anew with Jean De Reszke. The next time she made her debut as a low soprano.

Yesterday the proposed date for the recital here by Fornia and Tibaldi, the celebrated violinist, had to be changed to Friday ninght, November 11th, which gives the Wilmington promoters longer time to work up the subscription lists, upon the size of which the engagement here depends. Lists are still at Munson's and at Plummer's. The Fornia date was changed as the noted soprano has to fill a longer engagement at the Metropolitan Grand Opera House, New York City, than was first expected.

Improvement at Crystal Palace.

Mr. Frank Peiffer, the popular manager of the Crystal Palace, has gone to New York and Philadelphia, where he will be for a week or ten days on business connected with his theatre, and during his absence the popular retreat is in charge of his brother, Mr. Peter Peiffer. While away Mr. Peiffer will endeavor to make arrangements by which an even better class of shows will be sent to the Crystal Palace. He hopes to make a satisfactory contract with a Philadelphia booking house, which would place the Crystal on a circuit handling the best vaudeville shows on the road. He will also purchase new scenery. Mr. Peiffer is determined to give the people of this city the best there is going in vaudeville and motion pictures. In his absence, the Crystal is offering the best bill of the season and the attendance so far this week has been unusually large. The Mercel Sisters make a hit at each performance and the Musical Valpo is splendid. The black-face comedian is also winning high praise for his work.

Joyland Today.

Two splendid pictures, "For A Girl's Sake," and "The Moonshiner's Daughter," will be offered for today. A thoroughly enjoyable programme for both young and old. Both pictures are the very latest productions and have strong dramatic scenes. Two new reels are offered daily. Souvenir day will be announced soon at Joyland.

At the Bijou Today.

"The Stronger Sex," is the title of a very clever picture that will be shown at the Bijou theatre today. "The Return of Ta-Wa-Wa," an Indian drama that embodies a great story and a variety of scenery that make withal a wonderfully beautiful picture, is the title of another that will be found equally as interesting.

HOLLARD GETS OUT OF RACE.

Virginia Declines at Last Moment to Run in Congressional Primary.

Norfolk, Va., October 11.—While J. Peter Holland, of Southampton, has announced his withdrawal from the race for the new Democratic Congressional nomination in this district, his name will appear on the ballots all of which have been printed and distributed for Friday's primary. W. A. Young today declares that while in the old primary there were no issues except the personality of the candidates "the recent movement upon the part of the people against machine control through the State and nomination of any man for Congress, who will not pledge himself as opposed to the State machine makes one of the issues in the present campaign plain and clear."

Young then calls upon State Senator E. E. Holland an aspirant for the Congressional nomination to declare whether "he is for or against the Hon. Thomas S. Martin" for re-elecuon to the United States Senate. "It will not do," says Young, "for Senator Holland in the face of such an issue as this to content himself with reference to his past record or to deceive himself that the people will be satisfied with the declaration simply that he is "independent."

Senator Holland said after reading the Young statement that he would reply in his Norfolk speech tomorrow night, "Saying as to whether you are for or against United States Senator Martin," he was asked.

"No." said he, "because I am neither for nor against any one in this fight."

"JACK" JOHNSON INDIGNANT.

American Automobile Association Cancelled His License.

New York, Oct. 11.—"Jack" Johnson says he is going to have the law on the contest board of the American Automobile Association for cancelling his license as an automobile driver. He sent this reply to the board tonight:

"I return herewith the one dollar which you returned to me, same being in payment of license fee. I conformed to all conditions named on the application blank furnished me by your office and will not accept cancellation of my license. You are in error when you state that I obtained the license by trickery or misrepresentation. You cannot blame me for your lack of office system. I will go to the courts if necessary to secure my rights and privileges."

Both Johnson and Barney Oldfield, who are scheduled to race at Sheepshead Bay, on October 20th, say that the race will be run regardless of the board's action.

The ads will show you whether or not there's a chance today to buy that piece of furniture at your price.

MILD, GENTLE LAXATIVE FOR WOMEN GIVEN FREE

So many of the ills of women are due to habitual constipation, probably because of their false modesty on the subject, that their attention cannot be too strongly called to the importance of keeping the bowels open. It is always important to do that, regardless of the sex, but it is especially important in women.

From the time the girl begins to menstruate until menstruation ceases she has always vastly better prospects of coming through healthy if she watches her bowel movements. If you find yourself constipated, with bad breath, pimply complexion, headaches, belching gas and other symptoms of indigestion and constipation, take a small dose of Dr. Caldwell's Syrup Pepsin. It is a woman's favorite laxative. You will find that you can do away with salts, strong cathartics, etc., which are entirely unsuited to woman's requirements.

Mrs. Katherine Haberstroh of McKees Rocks, Pa., and Mrs. A. E. Herrick of Wheeler, Mich., who was almost paralyzed in her stomach and bowels, are now cured by the use of this remedy. A free sample bottle can be obtained by addressing Dr. Caldwell, and after you are convinced of its merits buy it of your druggist at fifty cents and one dollar a bottle.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. B. Caldwell, 541 Caldwell building, Monticello, Ill.

A SHARP ADVANCE IN COTTON

October Contracts Reached New High Record for Season Yesterday—Gain of Six Points to Thirteen Points.

New York, Oct. 11.—An early decline in the cotton market was followed by a sharp advance with October contracts making a new high record for the season and with the close firm at a net gain of 6 to 13 points for the day.

The opening was steady at an advance of five points on October but generally two to seven points lower and during the early trading the market sold off to a net loss of 12 to 15 points under the heavy realizing and local bear pressure inspired by indifferent cables, continued good weather in the South aside from some further recipitation in Texas and predictions of a falling off in shipment following completion of October engagements.

Big blocks changed hands on the decline and while prices worked lower there was aggressive selling for a reaction, but trade interests were large buyers on a scale down and as soon as offerings for long account became smaller many of the early sellers turned for cover with the result that prices soon firmed up from the lowest. At first there did not appear to be a great deal of snap to the buying on the advance, but there was a continued demand from some of the big spot houses while brokers believed to be operating for one of last season's bull leaders gave the market a good deal of support and shortly after midday business became more active on reports of a firmer market for cotton goods, claims of a better demand for goods from China and private cables from London reporting that the bills of lading controversy had been practically settled. Later reports from the South were rather bullish as to the spot conditions also, and in the late trading the the market sold up to a net advance of 11 to 14 points. The close was only a shade off from the best under realizing. Southern spot markets officially reported early were unchanged to 1-8c. higher; failing to confirm some of the early advices from the South claiming a slightly easier market. The price of one of the leading brands of cotton goods was reported to have been advanced 1-4c. today.

Receipts at the ports today, 92,275 against 80,656 last week and 102,064 last year for the week 340,000 against 345,700 last week, and 440,508 last year. Today's receipts at New Orleans 5,880 bales against 11,544 last year. Today's receipts at Houston 28,078 bales against 11,388 last year.

Spot closed quiet 10 points higher; middling uplands 14.75; middling gulf 15.00; sales 1,099 bales.

Futures opened steady and closed firm.

RENEWED ACTIVITY IN STOCKS

Speculation in Variety of Specialties Not Usually Prominent in the Dealings—Caused by Money Market Conditions.

New York, Oct. 11.—The speculations in stock threw off some of the restraint today which has kept it in check. The fresh activity was most conspicious in a variety of specialties not usually prominent in the dealings and many of these were of the low priced non-dividend paying class. A reason for this was found in the narrow sources of the money market and the smaller supply of credits requisite for carrying on operations in the low priced stocks.

The spotty character of the market and the unresponsiveness of a number of important railroad and industrial stocks to this movement was significant of the lack of full accord among the banks in the furtherest movement. The explanation of the reluctance of the banking community as a whole to see active speculative is found in the continuance of the drain on cash holdings and the consequent impairment of lending power of banks.

The call loan rate today touched 3 1-2 per cent. as an effect of the slightly increased demand incident to the day's speculative requirements.

Yesterday's government crop report furnished the broad general inspiration for the stirring of speculative confidence. The certainty of agricultural crops exceeding in value any that have ever before been garnered makes an insurance for the material and business movement in the future. The special promise of the spring wheat and corn crops as they were affected by yesterday's report found reflection in the strength of the grangers, international harvester, corn products and other stocks. A belief that an agreemnt has been reached on the cotton bill of lading controversy helped the late stock market and also caused a fresh decline in the foreign exchange market.

Bonds were firm. Total sales par value $2,630,600. United States bonds were unchanged on call. Total sales for the day 404,200 shares.

REVIEW OF CROP CONDITIONS.

Issued by the Department of Agriculture Yesterday.

Washington, Oct. 11.—A general review of the crop conditions of the country by the Department of Agriculture issued today says:

"The month of September was favorable for crops in general, taking the United States as a whole, an improvement during the month of about one per cent., being shown, where as there is an average decline in September of .8 per cent. Aggregate crop conditions in the United States on October 1st, or at the time of harvest were about 1.8 per cent. higher than on corresponding date a year ago and .4 per cent. lower than the average condition on October 1st, or at the time of harvest, of the past ten years. The area under cultivation is about 3.2 per cent. more than last year.

The condition of certain crops on October 1 (or at the time of harvest) —100 representing for each crop, not its normal condition, but its average condition on October 1, or at the time of harvest (ten year average for most crops)—was:

Corn 102.4; rice 102.3; cranberries 102.3; lemons 101.3; sorghum 99.8; peanuts 99.2; cotton 98.9; sugar cane 98.7; buckwheat 98.1; sugar beets 87.2; sweet potatoes 96.7; tobacco 96.6; potatoes 95.0; oranges 94.9; grapes 86.4; apples 86.2; flax seed 56.6.

THE DRY GOODS MARKET.

New York, Oct. 11.—The cotton goods market is strong; ticking and bleached cottons have been advanced 1-4c a yard. Cotton yarns are in demand, but low prices tendered are being declined by spinners and the volume of business actually booked is restricted. In men's wear leading lines have been advanced from 2 1-2 to 5c a yard. Export markets are quiet.

Forced to Leave Home.

Every year a large number of poor sufferers whose lungs are sore and racked with coughs are urged to go to another climate. But this is costly and not always sure. There's a better way. Let Dr. King's New Discovery cure you at home. "It cured me of lung trouble," writes W. R. Nelson, of Calamine, Ark., "when all else failed and I gained 47 pounds in weight. Its surely the King of all cough and lung cures." Thousands owe their lives and health to it. Its positively guaranteed for Coughs, Colds, La-grippe, Asthma, Croup—all Throat and Lung troubles. 50c and $1.00. Trial bottle free at Robert R. Bellamys'

COTTON MARKET YESTERDAY.

Decline Followed Advance on Heavy Buying Orders—Conditions.

(Special Star Telegram.)

New York, Oct. 11.—Foreign markets were disappointing in not responding to the advance here last evening, being about a decline here during the opening hour. At this point some 12 to 13 points below yesterday, large buying orders reached the market, which quickly responded touching the highest point of the year, with a slight reaction at the close.

These orders aggregated to so large an amount that the realizing and hedge selling was absorbed without difficulty. Naturally the advance has increased the bullish feeling, and a sharp improvement is expected in Liverpool tomorrow. It was reported from London that the dispute over the bill of lading question is settled and though it is denied here, we have never doubted that so important a financial question would be arranged after consultation between the bankers, in some manner satisfactory to all. We believe that the spinners have bought freely and that they hope the advance in cotton will continue so as to advance the price of goods.

TAFT ON MORSE CASE.

Refuses to Take Action on Application for Clemency.

Beverly, Mass., Oct. 11.—President Taft announced today that he would decline to take any action whatsoever on recent applications for clemency in the case of Charles W. Morse, the convicted New York banker, now serving a term in the Federal prison at Atlanta until the papers in the case come to his desk through the regular routine channels and with a report from the Department of Justice.

The latest application in behalf of Morse was made today by Gilbert A. A. Peavey, of Boston, whose daughter married a son of the former banker. While generally opposed to hearings on pardon cases, the President told Mr. Peavy he would give him a chance to be heard before he had finally disposed of the case.

President Taft's plans for the return to Washington have been completed. He has decided to stop over in New York for two days as the guest of his brother, Henry W. Taft, who has just returned from Europe, and will not be back at the capital until October 20th.

The President will leave Beverly next Monday afternoon, the 17th, and will reach New York Monday night. While the President's New York visit is to be largely one of pleasure, it is chances are that some of the Republicans there will take advantage of his presence to consult him about matters in the State. Mr. Taft expects to attend the theatres two evenings and Mrs. Taft will finish her Fall shopping. Henry C. Ide, former governor of the Philippines and now minister to Spain, spent two hours with the President this afternoon. The call was said to be one of the courtesy order.

MISS QUINN QUESTIONED.

Woman Suing Columbia Professor for Breach of Promise.

New York, Oct. 11.—Miss Esther Quinn, the stenographer, who recently brought suit against Harry Thurston Peck, the late Anthon professor of Latin at Columbia University for $50,000 for alleged breach of promise of marriage, was subjected today to a lengthy period of questioning by counsel for Prof. Peck, who had obtained a court order for her examination before the trial of the suit.

Miss Quinn was advised by her attorney, Daniel O'Reilly, to refuse to answer many leading questions put to her by Prof. Peck's lawyer, C. D. Francis. One such question was as to how many engagements to marry she had had other than the one alleged to have been entered into by Prof. Peck. Another was as to whether she had not had "a similar controversy with a Wall Street broker past 50 years of age, some ten years ago."

Miss Quinn denied ever demanding money from any man on the allegation of improper relations.

Miss Quinn said that Prof. Peck usually called upon her in the evening as she was working all day. She denied having ever been in a hotel here save in a dining room and then only with Prof. Peck.

Asked if her relations with him up to the time the divorce was granted in 1900 were nothing more than those of a friend, she said "I wouldn't specify, it would be so difficult."

THE "LUMBER TRUST."

Washington Doing a Little Quiet Investigation on the Side.

Washington, Oct. 11.—To determine if there is any foundation for numerous complaints received at the Department of Justice alleging the existence of a "lumber trust", special agents of the Department are quietly investigating the operations of a large number of trade associations and other organizations which manufacture and market lumber.

Agents in Minneapolis, St. Paul, Chicago, St. Louis, Kansas City and other cities have turned in their reports. Complaints have been reaching the Department from dealers and builders as well as individual consumers, alleging the price of dressed lumber is fixed by agreement and unduly raised by "powerful interests which control the lumber industry."

Charges of blacklisting, elimination of competition and divisions of their territory are also made.

REVISES QUARANTINE LAWS.

Action of Treasury Department to Meet Service Requirements.

Washington, Oct. 11.—A revision of the quarantine relations of the government, with a view to meeting new requirements of the service, is in progress at the Treasury Department. The principal change is a modification of the mosquito zone whereby the special restrictions imposed under the other regulations guarding against the entry of yellow fever at Norfolk, Newport News and Portsmouth, Va., from April 1 to November 1, are changed to a less period, from May 15 to October 1st. The regulation as revised, when approved by Secretary MacVeagh, will be issued in book form.

ROOSEVELT FLYS IN AN AEROPLANE

(Continued From Page One.)

wildly.

Col. Roosevelt's first act after alighting was to shake Hoxsey's hand vigorously. "It was great! First-class! It was the finest experience I have ever had," he declared. "I wish I could stay up for an hour, but I haven't the time this afternoon."

"Did it feel scary?" he was asked.

"Not a bit! Not a bit!"

"What were your sensations?"

"Oh, it was perfectly fine. I enjoyed every minute of it."

Governor Hadley with a long sigh of relief, stepped up to the colonel and piloted him to his automobile. They rode down the field past the cheering crowd and then started for St. Louis.

Walter Brookins and A. L. Welsh, the latter on an endurance run, followed the former President's party in aeroplanes while Alfred LeBlanc, in a Blerlot monoplane, led the automobile procession. The aerial escort continued for almost two miles from the aviation field.

Brookins entertained the party by cutting sharp curves at dizzy heights and giving a miniature exhibition of his famous spiral glide. LeBlanc darted back and forth across the colonel's path like a bee.

On the way to St. Louis Col. Roosevelt stopped at Clayton, where a great crowd had collected at the court and where he told of his trip in the airship.

From Clayton the colonel drove into St. Louis and went to the State fair grounds, where several thousand school children were waiting to hear him speak. He told the children of his flight.

"That is why I am late in coming here to speak to you," he went on. "I know you children would cheerfully play hookey for a week to go up in an aeroplane so you won't blame me for being a little late."

Flays New York Democrats.

St. Louis, Mo., October 11.—Theodore Roosevelt denounced the Democratic party in New York as "an unholy alliance between Wall Street and Tammany Hall" in a speech tonight, and attacked the Democratic party in Missouri by calling it the "Party that represents the special interests and special privileges."

Colonel Roosevelt also defended the present position of the Republican party in regard to the tariff.

It was Colonel Roosevelt's first speech in the present campaign. The coliseum was crowded to the doors with a crowd which cheered him frequently. He began his speech by commending Governor Hadley as an upright and fearless public servant and saying that the fight in Missouri is similar to that being made in New York.

"In New York State our opponents call themselves the democracy," said Colonel Roosevelt. "They have the very slenderest relation to any historic National party bearing that name. For in New York State what calls itself Democracy consists in reality of an unholy alliance between Wall street and Tammany. It is enough to make Andrew Jackson, of Tennessee, and Tom Benton, of Missouri, turn in their graves to realize what the organization are that claim to be their spiritual heirs and representatives at this present day.

"And as it is in New York, so it is here in Missouri. The genuine party of the people, the party that stands for popular rights, that stands for all the people, is the Republican party; and the party of reaction and of bourbonism, the party that represents the special interests and special privileges is the party that arrogates to itself, forsooth, the name of the Democracy.

"In New York the special interests, all of the powers that hope to keep or to acquire privileges, to which they are not entitled, have gone without antagonists, because they feel, quite properly, that in their ranks is the place for every man who believes in either crooked business or crooked politics, and especially in the alliance between crooked business and crooked politics."

PARKER TALKS ABOUT TEDDY.

Urges Defeat of His Ticket in New York—Treatment of Taft.

New York, Oct. 11.—Alton B. Parker gave out an interview at his home here tonight on the State campaign and Theodore Roosevelt. He said in part:

"I am informed that Mr. Roosevelt has been advised by his friends that in this State the tide has set in so strongly against his new nationalism with himself as the steward of the public welfare in 1912 and thence on for the balance of his life, that he can only hope to save the situation for himself and his ticket by announcing that he will not be a candidate in 1912, and further that he has agreed to make such a statement within the netx two or three days.

"There can be no doubt of the fact of his candidacy in the mind of any man who has watched his course, carefully his speeches, and noted his almost brutal treatment of President Taft. From my knowledge and experience with which I have no hesitation in saying that while the assurance will be given by him that he will not be a candidate in 1912 his purpose is to deceive the people of this State in the hope that they will elect his ticket. That done, he will accept the result as commanded by the people of the State that he is to be its candidate. Then, with the political machine under his control nothing can prevent him from securing the delegates from this State. There is one sure way and only one, to avoid Mexicanizing this country and that is to defeat his ticket now."

TRUANTS ARRESTED.

Fayetteville and Red Springs Lads Ran Away.—Laurinburg Rally.

(Special Star Correspondence.)

Laurinburg, N. C., October 11.—This morning when the 8:15 train from Wilmington arrived, Conductor Williams turned over to Chief of Police Hubbard two boys who had been arrested for beating on the blind baggage. The boys gave their names as Will Lockamy and Fred Denning, ages 13 and 11 years respectively. They claimed to have run away from home last week, their homes being in Fayetteville and Red Springs, and were on their way home from Pembroke when arrested by Conductor Williams. They were taken to the office of the recorder where an effort was made to communicate with their parents, but this could not be done. They were objects of pity and begged earnestly to be allowed to go on to their homes, assuring the authorities that they would walk every step and get there today. No one came to the aid of the chaps and they were allowed to go towards their homes.

Great preparations are being made for the celebration of the tenth anniversary of White Supremacy in North Carolina here in the 14th. The entire county is going to take part. From the hundreds who received requests for baskets have come favorable answers from a large number and one certain thing for the day is a huge dinner. Ex-Gov. C. B. Aycock will be here with others to enlighten and enthuse the populace.
